A PETITION DECLARING TREASON, a cause and right of the American people to be protected by their own government.

THE QUESTION PRESENTED IS:

The constitution DEMANDS our protection from those who would and do gamble with our lives. The right of the people to be protected/ to be guaranteed a future, their lives and property, their nature and world: is NOT A GAME. Therefore theory or any other expression that can result in critical or absolute harm: SHALL NOT BE DONE! THE LAW OF PROTECTION FOR THE PEOPLE, for this nation is inherent and cannot be defeated by any form of “chosen risk”: UNLESS the people themselves choose it by vote.
YES OR NO!

THE RIGHT, of the people to be completely informed about ANY critical risk/ that could or would be conceived as a potential for great harm: IS THEIR CHOICE TO MAKE. NO ONE, shall make these choices for them. Thereby first amendment redress of grievances is an absolute right/ a foundation for accountability against those who have corrupted OUR GUARANTEES, established in this United States of America, by the Constitution.
YES OR NO!

AN ORIGINAL JURISDICTION ACTION, within Article 3 of the US constitution.

CONCLUSION: substantially prove the evidence of threat is wrong/ DEMAND our lives shall not be experimented with. Prove a theory (they don't know), **IS SUFFICIENT to risk** life/ nature/ environment/ planet, or any other destructive or horrendous possibility. Prove “our employees”; of this nation called , WE THE PEOPLE/ do not owe us, the public citizen:
“Accountability”!

A PETITION DECLARING TREASON, a cause and right of the American people to be protected by their own government.

THE QUESTION PRESENTED IS:

The constitution DEMANDS our protection from those who would and do gamble with our lives. The right of the people to be protected/ to be guaranteed a future, their lives and property, their nature and world: is NOT A GAME. Therefore theory or any other expression that can result in critical or absolute harm: SHALL NOT BE DONE! THE LAW OF PROTECTION FOR THE PEOPLE, for this nation is inherent and cannot be defeated by any form of “chosen risk”: UNLESS the people themselves choose it by vote.
YES OR NO!

THE RIGHT, of the people to be completely informed about ANY critical risk/ that could or would be conceived as a potential for great harm: IS THEIR CHOICE TO MAKE. NO ONE, shall make these choices for them. Thereby first amendment redress of grievances is an absolute right/ a foundation for accountability against those who have corrupted OUR GUARANTEES, established in this United States of America, by the Constitution.
YES OR NO!

AN ORIGINAL JURISDICTION ACTION, within Article 3 of the US constitution.

CONCLUSION: substantially prove the evidence of threat is wrong/ DEMAND our lives shall not be experimented with. Prove a theory (they don't know), **IS SUFFICIENT to risk** life/ nature/ environment/ planet, or any other destructive or horrendous possibility. Prove “our employees”; of this nation called , WE THE PEOPLE/ do not owe us, the public citizen:
“Accountability”!

A PETITION DECLARING TREASON, a cause and right of the American people to be protected by their own government.

THE QUESTION PRESENTED IS:

The constitution DEMANDS our protection from those who would and do gamble with our lives. The right of the people to be protected/ to be guaranteed a future, their lives and property, their nature and world: is NOT A GAME. Therefore theory or any other expression that can result in critical or absolute harm: SHALL NOT BE DONE! THE LAW OF PROTECTION FOR THE PEOPLE, for this nation is inherent and cannot be defeated by any form of “chosen risk”: UNLESS the people themselves choose it by vote.
YES OR NO!

THE RIGHT, of the people to be completely informed about ANY critical risk/ that could or would be conceived as a potential for great harm: **IS THEIR CHOICE TO MAKE. NO ONE, shall make these choices for them.** Thereby first amendment redress of grievances is an absolute right/ a foundation for accountability against those who have corrupted OUR GUARANTEES, established in this United States of America, by the Constitution.
YES OR NO!

AN ORIGINAL JURISDICTION ACTION, within Article 3 of the US constitution.

CONCLUSION: substantially prove the evidence of threat is wrong/ DEMAND our lives shall not be experimented with. Prove a theory (they don't know), **IS SUFFICIENT to risk** life/ nature/ environment/ planet, or any other destructive or horrendous possibility. Prove “our employees”; of this nation called , WE THE PEOPLE/ do not owe us, the public citizen: “Accountability”!

A PETITION DECLARING TREASON, a cause and right of the American people to be protected by their own government.

THE QUESTION PRESENTED IS:

The constitution DEMANDS our protection from those who would and do gamble with our lives. The right of the people to be protected/ to be guaranteed a future, their lives and property, their nature and world: is NOT A GAME. Therefore theory or any other expression that can result in critical or absolute harm: SHALL NOT BE DONE! THE LAW OF PROTECTION FOR THE PEOPLE, for this nation is inherent and cannot be defeated by any form of “chosen risk”: UNLESS the people themselves choose it by vote. YES OR NO!

THE RIGHT, of the people to be completely informed about ANY critical risk/ that could or would be conceived as a potential for great harm: IS THEIR CHOICE TO MAKE. NO ONE, shall make these choices for them. Thereby first amendment redress of grievances is an absolute right/ a foundation for accountability against those who have corrupted OUR GUARANTEES, established in this United States of America, by the Constitution. YES OR NO!

AN ORIGINAL JURISDICTION ACTION, within Article 3 of the US constitution.

CONCLUSION: substantially prove the evidence of threat is wrong/ DEMAND our lives shall not be experimented with. Prove a theory (they don't know), IS SUFFICIENT to risk life/ nature/ environment/ planet, or any other destructive or horrendous possibility. Prove “our employees”; of this nation called , WE THE PEOPLE/ do not owe us, the public citizen: “Accountability”!

A PETITION DECLARING TREASON, a cause and right of the American people to be protected by their own government.

THE QUESTION PRESENTED IS:

The constitution DEMANDS our protection from those who would and do gamble with our lives. The right of the people to be protected/ to be guaranteed a future, their lives and property, their nature and world: is NOT A GAME. Therefore theory or any other expression that can result in critical or absolute harm: SHALL NOT BE DONE! THE LAW OF PROTECTION FOR THE PEOPLE, for this nation is inherent and cannot be defeated by any form of “chosen risk”: UNLESS the people themselves choose it by vote. YES OR NO!

THE RIGHT, of the people to be completely informed about ANY critical risk/ that could or would be conceived as a potential for great harm: IS THEIR CHOICE TO MAKE. NO ONE, shall make these choices for them. Thereby first amendment redress of grievances is an absolute right/ a foundation for accountability against those who have corrupted OUR GUARANTEES, established in this United States of America, by the Constitution. YES OR NO!

AN ORIGINAL JURISDICTION ACTION, within Article 3 of the US constitution.

CONCLUSION: substantially prove the evidence of threat is wrong/ DEMAND our lives shall not be experimented with. Prove a theory (they don't know), IS SUFFICIENT to risk life/ nature/ environment/ planet, or any other destructive or horrendous possibility. Prove “our employees”; of this nation called , WE THE PEOPLE/ do not owe us, the public citizen: “Accountability”!

v.

UNITED STATES OF AMERICA represented by
THE SOLICITOR GENERAL
DEPT OF HOMELAND SECURITY
DEPT OF FEDERAL BUREAU OF INVESTIGATION
JOINT CHIEFS OF STAFF, US MILITARY, ALL BRANCHES

A PETITION DECLARING TREASON, a cause and right of the American people to be protected by their own government.

THE QUESTION PRESENTED IS:

The constitution DEMANDS our protection from those who would and do gamble with our lives. The right of the people to be protected/ to be guaranteed a future, their lives and property, their nature and world: is NOT A GAME. Therefore theory or any other expression that can result in critical or absolute harm: SHALL NOT BE DONE! THE LAW OF PROTECTION FOR THE PEOPLE, for this nation is inherent and cannot be defeated by any form of “chosen risk”: UNLESS the people themselves choose it by vote. YES OR NO!

THE RIGHT, of the people to be completely informed about ANY critical risk/ that could or would be conceived as a potential for great harm: IS THEIR CHOICE TO MAKE. NO ONE, shall make these choices for them. Thereby first amendment redress of grievances is an absolute right/ a foundation for accountability against those who have corrupted OUR GUARANTEES, established in this United States of America, by the Constitution. YES OR NO!

AN ORIGINAL JURISDICTION ACTION, within Article 3 of the US constitution.

CONCLUSION: substantially prove the evidence of threat is wrong/ DEMAND our lives shall not be experimented with. Prove a theory (they don't know), IS SUFFICIENT to risk life/ nature/ environment/ planet, or any other destructive or horrendous possibility. Prove “our employees”; of this nation called , WE THE PEOPLE/ do not owe us, the public citizen: “Accountability”!
