DATED 11/21/11

RE: your letter LTROO86C dated 2011-11-17

I do not request a settlement hearing/

**I DEMAND a legal hearing in a court of law: to decide as indicated throughout “this conversation with you”: if you OWE ME CONSTITUTIONAL LAW. This demand for a constitutional guaranteed right, to each and every citizen/ that has been denied to me. If you as an employee of our government called WE THE PEOPLE/ are entitled to participate in, or make a decision on your own, to destroy or deny a foundation principle of the UNITED STATES CONSTITUTION; which is first amendment redress of grievances LAW. As have the courts.**

A COURTROOM CASE: To decide and demonstrate the reality of our contract as THE government of this nation, through WE THE PEOPLE: asking if our employees have kept your oath. The oath to this nation to gain your job; and the reality of conduct by its truth indicating IF all our employees for this nation, have obeyed/ or denied that oath.

A COURTROOM CASE: To decide the critical responsibility of an oath to protect, defend, and obey the constitution IN ITS ENTIRETY/ thereby reaping the reward of a salary for that work and its consequent employment. **OR IN THE CONTRARY, having failed to uphold the oath, the oath you:** declared would be done for this government, our constitution of this UNITED STATES, and we the people. When failure: **Denies your right to collect or distribute taxes:** because you are in open rebellion against the constitutional law, against we the people, and our democracy; that gives you your job.

**Failure to obey your oath is a criminal offense/** failure to obey and respect the constitution is a sign of treason, the act of a traitor to this nation. A reality that shall not be payed. A truth that MUST be defended against, as is being done here in this demand for court today. Prove your oath/ prove the constitution

is obeyed as sworn.

DUE PROCESS as assigned to you and declared a constitutional right to me under the 7<sup>th</sup> amendment grants to me a courtroom of law, for financial and more important values as is freedom, liberty, and literally defense of this nation. The first amendment grants me “legal redress of grievances”. The right to call the people together in a legal forum to decide if: we will demand accountability and investigation of the evidence: proving what is or is not true. The thirteenth amendment declares I shall not be a slave/ which is denied to me, by the fact that our currency HAS BEEN SO INFLATED over the last few decades that the federal reserve now claims an asset value of over 154 trillion dollars, divided by 311 million citizens that is nearly one half million dollars per citizen, babies/ prisoners/ and all. Divided equally every single citizen should have \$500,000.00/ IT AIN’T SO. By declaring that money AS debt instead of inflation: WE HAVE BEEN ROBBED. Instead of reaping reality/ the few in powerful positions took all that inflation (*the claim of money is: the people will work for me, and surrender their resources and property to me*) for themselves: and gave us the debt, claiming they are rich/ and we are poor. IT IS MONOPOLY MONEY, it is counterfeit money/ it is a blind and deliberate theft and confiscation of property and the value worked for and secured, from every life in America and many around this world. And now there exists, many around this world who believe we shall be their slaves too. It is a redistribution of our wealth as citizens of this nation/ TO THE WEALTHY instead. It is anarchy and the delusion of numbers. It is treachery, trickery, and treason. YOU STOLE, or more correctly YOU HELPED the others steal; by destroying the value of our currency, and declaring yourselves “rich”. That fact requires a courtroom/ and that is the only compromise I make.

While it is true I cannot stop you from stealing more from me/ INSTEAD OF PROVING YOUR RIGHT in a courtroom of law; you are the “current mafia/ organized criminals” in charge. That fact simply hinges on a courtroom: it proves a criminal conspiracy/ an absolute corruption/ and a blind arrogance that is building toward civil war. OR, you will prove obedience to the law, by providing the courtroom I seek: wherein redress and other foundation principles of our constitution SHALL rule.

Although civil war is imminent, without justice/ it is not from me.  
**Because if the law is not substantial enough to move this society/ then I just won’t belong to it anymore; you will be abandoned to your fate.**

***I DEMAND THE LAW CALLED CONSTITUTIONAL FIRST***

***AMENDMENT REDRESS OF GRIEVANCES SHALL BE KEPT, BY OUR EMPLOYEES. That is my demand.***

Your failure to properly respond: recognizes that you have refused to enforce/ or participate in enforcing, *a law of the constitution which governs this nation*. You have chosen to deny a declared “**GUARANTEED RIGHT**” of every citizen in this nation. You have abridged the privileges (*my right to redress trial/ the contract we THE PEOPLE, have with our employees that states: YOU WILL OBEY THE CONSTITUTION*) and the immunities of legal protection provided by our access to a courtroom, and its provision for DUE PROCESS provided to me.

**Litigation prior to this day, and during this day ALL PROVE the court refuses the law. YOU HAVE NO SUCH RIGHT. Nor does any employee particularly in the IRS have a right to collect taxes used specifically for the destruction of democracy or the denial of our constitution or our rule as WE THE PEOPLE over you our employees.**

Employment of persons WHO DO OBEY OUR LAW, we are obligated to pay. If however you deliberately refuse or fail to obey the law/ then you are rebels in open attack against this nation, **bent on anarchy and destruction: of a deliberate law, a foundation of our nation, our right to accountability and the rule called democracy.** For what do I owe you money/ why should I pay for the bankruptcy of this nation/ how should we repay, for the endless threats for extinction/ the gambling with an entire planet/ the failure of fools, bastards, and whores: who chose to “play god” with our lives? Because that is where our taxes went/ therefore a demand or call for tax revolt.

Exactly what did you do, that was within constitutional intent: *the design of the preamble of the constitution to govern direction and law*. In case you are ignorant: the preamble correctly interpreted says, “**LIFE must come FIRST**, you fail/ it says, **PROTECT THE CHILDREN**, you fail/ it says **DO YOUR BEST FOR JUSTICE AND SOCIETY**, you didn’t even try, choosing greed and destruction instead. ESTABLISHING JUSTICE is proven a fraud and a deceit by ridicule. *Our employees run a courtroom in absolute defiance to constitutional law; proven by irrefutable evidence in case after case throughout all levels of the judiciary.* **PROVING CONSPIRACY AND CORRUPTION AND COLLUSION IN OPEN DEFIANCE OF THE CONSTITUTION OF THIS UNITED STATES OF AMERICAN.** Which means your actions are as traitors. Why do I owe you money for that/ do we not owe you a prison cell instead. I stand in this matter; as a citizen fighting for this democracy and its law. That sure as hell, ain’t you.

You refused justice for the people and chose GREED for the few. You refused reality and chose DELUSION for loans and guarantees and securities and

everything else, pretending that wall street was anything but a counterfeiter (which it clearly is). Instead of reality, as is “FAIR PLAY” FOR ALL/ you made the few: “our rulers”, by stripping the majority of everything they worked for or owned. Foreclosing, destroying, denying, and debilitating an entire nation: FOR YOUR FANTASIES ( nobody has to pay [**except the slaves**]/ we can pretend “debt don’t matter”). In every sense of the word: the employees of

**this government: which is called the contract of our constitution/ our agreement, as the law identified between ourselves as, we the people.** Our restrictions upon the employees who would work for us only by sworn oath to obey that constitution in full/ or face prison.

HAS BEEN TRAMPLED UPON, by our employees, who stole everything they could find; and when they could not find more; THEY STOLE FROM EVERY CHILD. And when that was not enough, you stole from the world. and when that was not enough, you stole the homes and the lives which are a foundation to this nation. **As every anarchist does:** FULLY INTENDING to tear it down, by your dreams and images of playing god over our head/ by making us your slaves, with numbers without end for you/ and endless work and loss for us. **“You get all the money”/ we get all the debt: what could be more clear!** and then comes taxes, to steal the rest.

**I DEMAND A COURTROOM: WHERE THE LAW, CALLED REDRESS OF GRIEVANCES IS OBEYED!** OR you prove that the law written into first amendment guaranteed rights: is in error! WHERE THE PEOPLE HAVE THEIR SAY, AS IS REDRESS: without open rebellion and a judicial war, against the law. **One way or the other, the answer here is: this choice (our future/ the investigation of our past) belongs to we the people,** it is not yours. **It is ours: as the constitution provides for the safety and security of this nation: called DEMOCRACY/ by redress.**

There is no other settlement. Prove you obey the law/ or prove the constitutional law, that governs our employees: thereby telling our employees what they MUST DO FOR US, is wrong.

Prove an oath is without meaning/ or the evidence of complete anarchy and open rebellion is NOT traitorous.

Prove you didn’t steal the entire nation blind, and bankrupt us all, with your delusions and your fantasy and your disease of a diploma that knows nothing, for the sake of life, duty, honor, respect, or anything else of value to a nation, a world, or life itself. “Toys don’t count”.

**Prove your gambling with this entire earth, threatening every life with extreme experiments is NOT AGAINST the very nature and reality of our**

**agreement as a people.**

Prove securing the blessings of liberty to ourselves and our posterity; has not become: nothing more than a sewer, for the filth of your disease. The disaster of minds so disfigured with pride, greed, and selfishness: you cannot comprehend **LIFE MUST COME FIRST**. Shame on you all.

Do it, and I will pay the taxes without further protest. Fail, and as is common to thieves: you will steal instead. It's a choice.

Once that is done. After a courtroom of law decides the constitutional demand of a guaranteed right; and the contractual duty of both an oath, and your employment. THEN and only then, shall we talk about how much money you owe me/ instead of I owe you: *for insisting you shall NOT BE "our" RULER*. Rather; *all* shall return to being our employee, and do what you gave your word, "YOU WOULD OBEY THE CONSTITUTION"/ **and thereby, accepted the threat of prison if you did not do so**. Did you not consume my life, with your failures. How is this my job/ because you refuse to obey the law, and refuse to obey your oath/ and refuse to surrender a courtroom to me as is DUE PROCESS/ and SO MUCH MORE. You owe me, and this nation. Let the citizens themselves decide how much/ let the evidence decide who goes to prison in this day. **Let the truth and nothing but the truth decide.**
