USA. James Frank Osterbur, 2191 county

THE QUESTION PRESENTED

FIRST:

In the correspondence of the US supreme court dated: April 27, 2011
from Ruth Jones.

You state: that certiorari must be reviewed by a United States Court of Appeals, or the highest state court in which a decision could be had. A

DECISION has now been made.

This case previously tested at the appellate level was refused due to the lack of an order of the district court, determining judgment as of that time. Based upon the district courts fraudulent conveyance of a report and recommendation/ instead of an order of the court. The appellate court refused to adhere to the rules of a courtroom: “that I am entitled to a judgment, on the law presented/ NOT a mock trial, constructed by the judiciary in contempt of the law, the nation, and this people.” Again and again, as the lawsuits on redress in my name declare is: collusion/ conspiracy/ corruption/ and the criminal organized denial of constitutional law and the people of this democracy; prove true.

1 Williston contracts 1 (4th ed. 1990, 1995) a promise breached, requires the law to

give a remedy.

**That refusal of duty is now dismissed
with the order of the district court
received on this day June 7, 2011. Chief
US district judge; Michael P. McCuskey.**

The district court thereby resurrects itself
from complete failure.

The order and judgment of the district court
is now in my hand. *“I include that order:
WITH THIS NOTICE TO THE COURT.”
along with, its initiating claim for review
prior to printing/ and trial at the US supreme
court level.*

The appellate court has also sent notice they
will destroy the record in ten days. Sent June
6, 2011. Having failed the test of
**THE QUESTION ESTABLISHED, IN 1
Williston contracts 1 (4th ed. 1990, 1995) a
promise breached, requires the law to
give a remedy.**

THIS initial case first sent to the us
supreme court April 20, 2011; as a test to
determine:

**Do you as the overseers of the
judicial system of this USA, demand
justice shall be done? Do you demand that
the process of law, due a citizen in this USA**

in any lower court: BE GIVEN proper and real authority to accomplish the task of law and justice for the people under constitutional rule? Do you recognize failure and foolishness in the court over which you supervise, and correct that failed behavior; as is clearly defined previously in cases 10-2257 & appellate 11-1639? Do you establish the contractual demand that is ***a promise breached, requires the law to give a remedy: as is a constitutional guarantee?***

Because my rights were not only breached: my demand for constitutional law, as is guaranteed to each and every citizen was ridiculed, discarded in the trash, and otherwise disrespected. Not only, did I paid money for people dressed in robes to laugh at my request for constitutional law, must be obeyed. I paid money for people whose authority comes only, from constitutional law to discard/ demean/ disgrace/ and disrespect that very law; thereby this nation. I paid money for a fair and legitimate hearing on the issues that are the law of this land, a reality that must be obeyed not only by the people, but by every single judicial/ governmental employee in this nation. Because it is the law, and you are not rulers: but employees.

There is no substance to the previous ruling applied by the appellate court: they refused judgment based upon the fact the district court did not give its judgment but relied upon “report and recommendation” which is nothing more than a fraud used to conspire, in the court: to withhold from me my constitutional guarantee. The failure to pass judgment, then a purpose clearly used entirely: simply to remove me from judicial process, as is appeal to the supreme court. This supreme court is then required: either to accept this case, OR to instruct the appellate court, now has a chance to redeem itself and renew the case called 11-1639/ voiding its issuance of mandate. So that it may choose to obey constitutional law instead.

By sending the appellate court this same document or filing of a supreme court case: to you. I do expect a supreme court case. But, In the alternative I do expect the US supreme court to instill a proper and fundamental obedience to the law and due process in the appellate court, 7th district, so that they reopen the case, and do their sworn duty. They are hereby instructed to stop the process of destruction as they have ordered, and prepare for trial; as is the law. Dependent upon your decision.

In summation: the moral turpitude 44 So 2d 802 of a judiciary conspiring to withhold a constitutionally guaranteed right from me/ both in the US district and appellate courts. Guarantees to me that a failed judgment is moot/ a mandate to dismiss not based upon law, is in error/ **and a supreme court unwilling to defend the constitution of this USA with or without** the support of “tiny and insignificant rules” **PROVES CORRUPTION.**

YOUR covenant with this people is to obey the constitutional law, and guarantee its authority, and our nation shall be ruled as WE THE PEOPLE. There is NO allowance for discarding democracy, or interpreting a bias crime; holding that this people, or me, should not be given our guaranteed constitutional rights.

Further **having failed in the duties of your job**, *overseeing the lower courts for the purpose of justice, and the upholding and honor of democracy as is constitutional law/* **places this US supreme court in disrepute.** It was your job, to insure that every citizen shall find their legal solution in the court. By law. You failed, and proved disrespect for the nation/ for due process/ and a complete disregard for justice. And it

establishes the base used to demand: is there **a conspiracy within the judiciary of this United States of America.** To deny, discard, and destroy a foundation guarantee that the American people gave to themselves: as is redress of grievances, through their constitution. *According to the declaration of independence: “governments are instituted among men, deriving their just powers through the consent of the governed”.* Because that would be **“treason”**.

Proof, an enemy has taken over our government. Thereby we would expect to see, that enemy take over communications/ as in media control, by a tiny few.

A tax revolt: As is the words of the bill or rights: section 3 *“when any government shall be found inadequate or contrary to these purposes, a majority of the community hath an indubitable, inalienable, and infeasible right to reform, alter, or abolish it in such manner as shall be judged most conducive to the public weal”.* Is not only our legal right/ it is our undeniable duty according to the revolutionaries who built the nation.

DEFEND THE CONSTITUTION AND ME, “I dare you, to prove your oaths”.

THE QUESTION PRESENTED 1:

“I am simply one citizen out of an estimated 311 million people”. Just one of the masses, simple and plain.

HOWEVER THAT IS NOT at issue here in this furtherance of trial 11-1639 appealed from the 7th circuit in Chicago IL.

THIS IS ABOUT THE CONSTITUTION OF THIS UNITED STATES OF AMERICA; THE OATHS TAKEN TO OBEY, PROTECT, AND SERVE we the people in this democratic form of

government. Nothing more or less: than the law rules/ than do we the people rule this nation/ than the authority of the constitution over law, the judiciary, and all employees; every citizen the same/ than justice for this people, as promised to each one. Simple and plain.

This is, A constitutional question before the court which affects us all/ the nation is then included. Because it is a foundation of our government: called WE THE PEOPLE! The question presented to you: “will you obey the law?” Because it is not only my right to demand first amendment guarantees; as is redress of grievances/ it is ours, as a people! IT THEN IS, your duty to

enforce that right.

QUESTION PRESENTED 2:

Having established that it is the judiciary itself that is on trial here/ the legal leadership of our nation called the USA. IT IS fundamentally true, that a judge cannot judge him or herself. Thereby the inclusion of the congress is justified in this case/ should the supreme court fail to properly and respectfully identify and correct the appellate judges that so arrogantly state: neither we, nor these defendants; **did not consent** to obey the constitution or its guarantees to this nation and its people. That is not their right under the law. Rather their sworn duty is to do exactly what this trial demands: and produce redress as defined and written within the constitution for this people and me, the plaintiff James F. Osterbur.

Should that be necessary, the congress take over trial and putting the supreme court itself on trial. They will need the investigation abilities of the federal bureau of investigation. And are thereby properly informed to pay careful attention to this trial/ and BE RESPONSIBLE TO THIS PEOPLE, for its outcome. For our constitution and democracy, as is their job. **It is their duty!**

**THE PARTIES TO THIS PROCEEDING
ARE THESE:**

the US supreme court

*(you must answer the question: **will you obey constitutional redress of grievances law;** past failure puts you on trial too)/ this has become more than a legal question: it is now a question against the judiciary: are you AT WAR against the constitution of this USA.*

defendants are as listed:

United States of America

Internal Revenue Service/ **dept of the Treasury;**

1500 Pennsylvania ave NW DC 20220

the Solicitor General ROOM 5614, Department of Justice, 950 Pennsylvania ave, NW Washington DC 20530-0001

the Attorney General US dept of Justice 10th and Constitution avenues NW Washington DC 20530

the President Barrack Obama; 1600 Pennsylvania ave NW , DC 20500

Added to this list, under article 3, section 3 is now: **THE US CONGRESS,** Washington DC 20500/ and the **Federal Bureau of Investigation.** 935 Pennsylvania ave NW Washington DC 20535-0001

Because issues have arisen with treason; against the USA. Signs of

corruption/ conspiracy/ and collusion in the courtroom of this United States, against the constitution of this USA; and this people.

It is the congress with the power to decide; such questions as these. It is the federal bureau of investigation that provides the service called “knowledge and understanding, as applied under the evidence as must be submitted to trial under law.”

These, the FBI; are charged with: the intent, that a full and complete accounting of these proceedings, these decisions shall be made before this entire US population/ called WE THE PEOPLE. It is our nation, this is our democracy, those who defile or disrespect us are enemies to be held to account, by their own truth, actions, and decisions.

THE AUTHORITY.....	27-30

THE DECISIONS BELOW:

1. In this trial appealed from 11-1639; 7th circuit, Chicago IL. It is blatantly clear, that the purposes of these judges William J. Bauer/ Terence T. Evans/ and Ann Claire Williams. **Discarded constitutional authority** as had been granted to them over this case for the purposes of WE THE PEOPLE, as the constitution prescribes.

No delusion/ no interpretation/ no authority to refuse, disguise, disrespect, or disgrace this action demanding redress of grievances exists. **Because the constitution is clear: redress of grievances is a legal citizens guaranteed right.** That law being one, of the original and fundamental principles of this system of government. Created in accordance with and accepted by this people as their form of government, their decision to be “the democracy called; this United States of America”. 229 A. 2d 388, 394. **To discard constitutional authority is open rebellion against this democracy and all it stands for. An act of treason, by degrees**

2. These judges **dismiss the case, which clearly and deliberately seeks redress of**

grievances: for lack of jurisdiction; order filed 4/ 12/ 11. Thereby choosing to perjure themselves in court. Fully knowing that this is *a constitutional law case, distinctly demanding the guaranteed rights to each and every citizen by OUR*

CONSTITUTION. That being distinguished from a law, which is a rule of conduct prescribed by the legislature onto the people/
the constitution is instead the rule of this democracy prescribed by the people unto the legislature and this judiciary.
Therefrom balanced in its concept of rule over power and right within this society.

3. These judges contend, *“unless all parties to the litigation consent on the record,the parties have not consented in writing to proceed before a magistrate judge. Therefore this court lacks jurisdiction to proceed...”*

There is no authority over the constitution by the judiciary or any other employee of this people. That means there is no discretion as to whether our employees must obey the constitution and provide the guarantees of constitutional LAW, to this citizen or not. They must, it is not a matter of consent, discretion, interpretation, recommendation, or other. It's the law, as

applied to each and every defendant/ because these are the representatives of government most directly responsible for INSURING THAT THE CONSTITUTION SHALL BE HONORED, RESPECTED, AND OBEYED BY EVERY EMPLOYEE, including them. In other words, the judges LIE in open court/ preferring treason the direct and deliberate intent, decision, and actions as are consistent with tearing down our democracy; and destroying the guarantees of our people. That is the act of a traitor/ that is the act of someone bribed or protecting another, because insufficient evidence exists to believe they are so insolent and subversive as to do it simply for the sake of ridicule. Something else exists, or they are three distinctly stupid fools. A matter to be investigated, for the nation regardless of this trial.

4. These three judges by their order agree: to steal from me DUE PROCESS of LAW/ as is guaranteed to each and every citizen. By lies they suggest this matter is still in the hands of the district court/ Urbana IL; from which it arose as 10-2257. But it is not, by their decision or the decision of the defendants lawyer, they call and describe and set into the files; this replacement: a DE NOVO trial in

this appellate court on 4/11/11. Or more simply the appeals court took ownership of the trial; and created a “new trial” on their own. That means they may no longer rely upon the district “report and recommendation” of March 15, 2011. **But must give to me the opportunity to respond PRIOR to the decision that shall be made. They refuse.** The mail was not received by me until 4/ 13/ 11, reply was sent 4/ 14/ 11/ their order of 4/ 12/ 11 came in the mail on 4/ 15/ 11. Or more simply, due process was clearly and deliberately denied, with the certain intent NOT to accept, or allow; any filing I might send. And act in a way that could defy my right to have my own statement registered as a part of this trial. That is against the law: I deserve my day in court, my chance to defend myself and establish the guarantees promised to me by this nation. This nation, deserves that right as well: it is our duty as a citizen to provide the work necessary to defend our democracy. The constitution is my power here to demand: due process shall be provided to me. Thereby this US supreme court case/ this case before the leadership and the people of this USA is a test: establishing with certainty WHO does rule this nation. Our employees, or OUR CONSTITUTION. Or more simply: did

this people/ does this people surrender their democracy to the invaders that have so clearly taken over? The fact, this question exists: ESTABLISHES ANARCHY, the deliberate violence that asserts, “law does not matter here/ because we are now, our own law”. A reality of traitors in our midst in our employ as government officials and the judiciary/ the consequence, a nation in crisis. A constitution under attack! Literally warred against/ by those who want power over us, instead of our authority over them. That is open rebellion/ an act of treason. The constitution is a restriction upon the powers of our employees, a grant of recognizable authority given to the people, through their redress of grievances, and due process. **Both being denied to me. The defendants job as leaders, protectors, defenders and servants of the constitution for this nation/ the courts job to obey the constitution without prejudice, establishing justice for all. Comes with the demand: to preserve our rights as individuals through democracy. So do you swear. An oath denied.**

5. The constitution is the law of this land 140 F. Supp. 925. And it cannot be abrogated, even in part; by the actions or decisions of ANY employee. It is the supreme or sovereign law of

America, and IMMUNE from all threats; particularly in a courtroom of this USA. That agreement is "OUR GOVERNMENT". To find it threatened with such contempt as these three judges have applied; is treason. To recognize those in the primary role of legal leadership as are the defendants suggests collusion in and of itself. Because the oath of office says: TO DEFEND, PROTECT, AND OBEY THE CONSTITUTION OF THIS UNITED STATES. That makes it a duty, as a defendant here; fully informed of the rights and realities being established: to intervene. Its your sworn job, under penalty with consequences. There is no exception/ there is no immunity/ there is no delusion as to what was demanded. That leaves no illusion about whose side is defended: the people or the judiciary. It is your duty at this moment prior to court: to establish constitutional law, regardless of who fails to uphold it.

REDRESS OF GRIEVANCES:

6. Contrary to the assertion that I “believe myself to be important enough to question these people in relation to their job/ their oath/ and their leadership of this nation. Is the clear and complete acceptance of our reality: that we are in trouble as a nation, at the edge of crisis and turmoil worse than the first civil war, and in need of the knowledge required to make true and accurate decisions for ourselves as we the people. Even so, I do not stand as “power over them”/ **I stand as a citizen equal to them, under constitutional law. That is the authority of democracy, or “we rule ourselves through law”**. Instead of we the ruled, by whatever our employees decide.

7. THAT democracy/ that right of citizenship; establishes simply, although I am distinctly aligned with the legal aspects of trial, by being the plaintiff. **There is absolutely no denying this is a constitutional trial, and a matter of guaranteed right; as is consistent with the constitution. The law of this USA; 389 U.S. 258.** Meaning this trial is about our nation, as each individual citizen requires it to be, according to the guarantees promised to us all. That requires an understanding as is consistent with the

purposes of redress of grievances, a first amendment constitutional legal law/ A DUE PROCESS RIGHT, as granted by the fourteenth amendment 391 U.S. 145.

Granting to we the people a true and accurate accounting from our right to be owners, our leadership, employed: for the people. That purpose being, so that we may see inside the truth of our nation/ our existence as ourselves: that WE ARE A DEMOCRACY. Which means **WE ARE, “THE OWNERS HERE”, with distinct rights under redress.** The issues of substance in this day, require of us all: to decide if we shall let this nation fail? As the reality of evidence regarding our reality explains. Accepting our leaders have failed us all. OR STAND for ourselves, and make the future what we shall choose, by vote on the most important issues of our time; for ourselves. Not voting for someone to vote for me/ but voting on the truth of what we demand this democracy shall be, this future for our lives. We are able.

8. What the employees have demanded instead, or have changed this “government to be” **is not democracy:** but just another form of communism. Because the current expenditure is \$3.8 trillion dollars; OR \$38,000.00 per each one of one hundred million

people. This fact: Establishes they rule over our lives by stealing our own money. Did we say to our employees take everything and you decide? Not me! To understand, that control over this amount of money; means we are NOT allowed to choose our destiny or our ways, methods, or means to live within this society. Instead our rulers do, with the money stolen from us all; whatever they want. That is, Redistributing our wealth to themselves, or their benefactors who provide an election bought instead of earned. “Because they say; WE are superior to you”. That is an act of rebellion achieved. This lie, they know better; changing the very framework of our society, has been proven a disaster for us, by them. **They were wrong.** This lie, that is functioning as the same methods called communism; whereby a tiny few make all the decisions for the whole/ has proven to be not only an open rebellion against democracy, but a theft of the nation itself. Literally from our hands to theirs. Because even though these leaders do not say, “they rule over us as kings or queens”/ the actual facts describing their own possession and dominion over our lives, controlling the very foundations of what we require to live, the nature we are dependent upon to survive, the threats to our very world

and all life on earth. Are found in their possession, and under their control/ proving it is indeed so. Describing a nation captured, a humanity enslaved for their purposes, by decisions that we are not allowed to make for ourselves. That is anarchy.

CONCLUSION:

THE DEMAND OF THIS PLAINTIFF REMAINS THE SAME: Establish for me, and the citizens of this nation our guaranteed right of redress of grievances according to the first amendment of the Constitution of this United States of America. So that we shall decide for ourselves, the future of our nation, the reality of what shall or shall not threaten us, and the foundations of democracy that must be changed. So as to provide and preserve for ourselves, the protections and freedoms we require for a future to survive.

Simple as that; **OBEY THE LAW.** Or more cleanly: obey our law, **BY ESTABLISHING OUR RIGHT TO REDRESS.** As owners of this democracy called the USA, or more distinctly established: this is called :
WE THE PEOPLE.

SUMMARY:

9. This is now a choice presented to the president of this USA Barack Obama. To preform the oath of office he has taken and defend, protect, and obey the constitution of this USA. For the people, and this, their democracy: Their right, to choose for themselves as a people united for life.

10. This is now a choice presented to the US attorney general Eric H. Holder Jr. To preform the oath of office he has taken and defend, protect, and obey the constitution of this USA. For the people, and this, their democracy: Their right, to choose for themselves, as a people united for life.

11. This is now a choice presented to the US solicitor general Neal K. Katyal. To preform the oath of office he has taken and defend, protect, and obey the constitution of this USA. For the people, and this, their democracy: Their right, to choose for themselves, as a people united for life.

12. This is now a choice presented to the US internal revenue service (no name given). To preform the oath of office he or she has taken and defend, protect, and obey the constitution of this USA. For the people, and this, their

democracy: Their right, to choose for themselves. Their right to establish a tax revolt, as their means of establishing authority over our employees: with a clear and certain objectives to defend this constitution and this democracy. By stating, with fair and clear assertions “the expected penalties or consequences shall be these”; as would be consistent with the 2005 tax filing of the plaintiff. A reality required for court. So that none are surprised, should they join this revolt/ this demand to stand up for the democracy called WE THE PEOPLE, and be counted.

13. This is now a choice presented to the US CONGRESS, to declare before the people/ what is acceptable, in terms of the performance of an oath, a right of the people guaranteed by the constitution of this USA; and incumbent upon the judiciary to deliver. Thereby a decision: To preform the oath of office he or she has taken and defend, protect, and obey the constitution of this USA. By balancing the power of the judiciary, with the truth: YOU CANNOT rebel against our democracy. IT IS OURS/ NOT yours; you, are an employee for us, and not immune from bad behavior. Choosing, only the constitution and founding documents are sovereign/ NO employee. That, is a decision; For the people, and this, their democracy.

Their right, to choose for themselves, as a people united for life.

14. This is now a choice presented to the Federal Bureau of Investigation. To establish, by the investigation of facts: whether or not a conspiracy, collusion, or corruption exists against the US CONSTITUTION by the judiciary. In terms of this redress of grievances, or any other: and the actions taken by the judiciary which are NOT by any construction a method or manner of justice or right; neither the law nor due process as is promised to each and every citizen here. You shall begin with this trial and its predecessors, including US supreme court docketed case 08-1339. James F. Osterbur vs USA and state of IL.

15. To preform the oath of office you have taken: and defend, protect, and obey the constitution of this USA. You must be “blind to the assumptions of immunity for the judiciary”; it is not so. You work **For the people**, and this, their democracy. Their right, to choose for themselves. Their right as WE THE PEOPLE to demand: you shall do your job for us/ NOT simply “for them”.

DEMOCRACY IN ACTION:

17. You are not allowed to refuse; each one. So says the oath sworn to us/ so says the constitution of this USA/ so say the people, let them prove it is not so.

18. Even to fight against constitutional law is an act of open rebellion against our very society, against us all, because that is the law. There is no issue of consent: It is not an option/ there is no other interpretation/ no discretion allowed: **it is the law.** And you must obey too! That is the foundation of this society called:

WE THE PEOPLE!

If you refuse/ shall there not be consequences!

THE AUTHORITY

19. *It is our original jurisdiction as a people united under the auspices and laws of constitutional authority called WE THE PEOPLE.* That establishes our right to proceed in demanding that the employees of our nation SHALL do their jobs. Shall be responsible for the oaths they took, to the people of this United States of America. Because the agreement under which this nation stands is the constitution and its two founding documents in support thereof; the bill of rights & the declaration of independence. These are sovereign and immune from attack. Therein we do understand as is consistent with our agreements as a democracy; which govern the possibilities and duties of us all. Redress is our right.

20. According to that declaration of independence, the following is found:
“We hold these truths to be self-evident, that all people are created equal; that they are endowed by their Creator with certain inalienable rights; that among these are life, liberty, and the pursuit of happiness. That, to secure these rights, governments are instituted, among people, deriving their just powers from the consent of the governed; that whenever any form

of government becomes destructive of these ends, it is the right of the people to alter or to abolish it; and to institute a new government, laying its foundation on such principles, and organizing its powers in such form, as to them shall seem most likely to effect their safety and happiness”.

21. According to the bill of rights; section 2; *that all power is vested in, and consequently derived from, the people; that magistrates are their trustees and servants, and at all times amenable to them. Section 3; that government is, or ought to be, instituted for the common benefit, protection, and security of the people, nation, or community; of all the various modes and forms of government, that is best which is capable of producing the greatest degree of happiness and safety, and is most effectually secured against the danger of mal-administration ; and that, when any government shall be found inadequate or contrary to these purpose, a majority of the community hath an indubitable, inalienable, and infeasible right to REFORM, alter, or abolish it, in such manner as shall be judged most conducive to the public weal. And section 4; that no man, or set of men, are entitled to exclusive or separate emoluments or privileges from the community,*”.

22. According to the constitution itself, its

preamble: *“WE the people of the United States, in order to form a more perfect union, establish justice, insure domestic tranquillity, provide for the common defense, promote the general welfare, and secure the blessings of liberty to ourselves and our posterity, do ordain and establish this constitution for the United States of America.”*

23. In other words, OUR GOVERNMENT as is depicted in part by these primary words of understanding and agreement DOES ESTABLISH: that the law of this land, the supreme and sovereign right of this people. Shall be, to do whatever they believe is BEST for their society, for this nation, by the conference of value, called redress of grievances. Wherein as it shall be clearly proven necessary: **we shall find, the truth/ the whole truth/ and nothing but the truth!** “So help us GOD”.

24. Because whether you believe or not isn't an issue, LIFE GIVES US THE RIGHT, to not only demand equality, but guarantee justice. Because no one, “creates themselves”. Or more simply; We the people, are immune, from your suggestions of superiority: that we cannot be a democracy unto ourselves. Rather I tell you true: **OUR CONSTITUTION IS**

SOVEREIGN, not you. Our right to decide, the fundamental truth that is democracy itself, by law and through redress: belongs to no one else, but we the people.

By the essence of life itself; the evidence that proves WE are special/ NOT just you. OUR government was formed. Today: Our reality has already established, THE absolute NEED FOR CHANGE IS GREAT! And we must protect ourselves, for life, nature, world, and even planet. Because those who represent us have failed: REQUIRES IMMEDIATE we the people intervention/ through legal redress, and a tax revolt to prove we are the authority, and the constitution/ bill of rights/ and declaration of independence: is our government: NOT the employees. Let the people decide.

GIVE THEM their democracy/ GIVE THEM THEIR REDRESS OF GRIEVANCES, to become again united as one people called this United States of America. For the purpose of protecting, demanding, and performing the duties of citizenship: to keep the truth alive as our nation is intended to be. Establish this courtroom called redress, for the people. IT'S THE LAW. It is not "your choice"/ it's the law. IT IS OUR CHOICE, as a people to decide.
