re: the current tax filing indicates, that you owe me due to section 179 of the depreciation schedule \$6418.93

this is not a payment to you, regarding past tax that is still NOT BEING LEGALLY RATIFIED BY YOU; with regard to the truth that your job/ your employment REQUIRES YOU to obey constitutional law. Therefore I do expect a refund, until such time as you comply with the law of this state and this nation **as guaranteed to each and every citizen.**

I have been willing to pay the tax from the beginning, BUT plainly demand that you will uphold your end of the contract between citizen and government employee that states: THE GUARANTEES OF THE CONSTITUTION BOTH STATE AND NATION SHALL BE KEPT. Shall be honored and respected and provided to me within a courtroom/ that I have so distinctly proven YOU DENY. That is anarchy and rebellion on your part/ and I do not pay thieves, or rebels, or terrorists. You will find the proof of courtroom evidence on my websites www.justtalking3.info ties them together.

You have no legal right or basis in fact or law: TO REFUSE REDRESS OF GRIEVANCES as either representatives of this state of IL or this United States of America. Provide to me redress in full view of WE THE PEOPLE, and I will happily pay what is owed/ MINUS the cost, labor, and work of making you OBEY THE LAW. You owe me.
