State of ILLINOIS
Gifford, IL; police department
dated 1/ 10/ 12

CASE 2011 TR 022442

RE: The citation for: a failure to come to a complete stop, in the town of Gifford IL. At a stop sign therein. Ticket number 3171 Gifford police. The charge \$120 dollars. **I, the accused, DEMANDING A JURY TRIAL.**

From the merriam/ webster dictionary tenth edition/ because legal dictionaries do not list a meaning: thereby those in power intend to control, by avoidance/ what can or cannot be discussed regarding *the first amendment of the US constitution/ fifth amendment of the IL constitution*/ by excluding it from their vocabulary. An illegal act in absolute defiance of the constitution itself.

the definition of redress is given to be: 1 to set right: remedy. 2 to make up for; compensate: b. To remove the cause of (a grievance or complaint). c. To exact reparation for ; avenge. Or archaic; to requite a person for a wrong or loss.

And again **redress** is given to be: 1 a; relief from distress b; means or possibility of seeking a remedy (without ~) 2: compensation for a wrong or loss: reparation 3 a: an act of instance of redressing b; RETRIBUTION, CORRECTION.

From the legal dictionary: grievances is given to be: one's allegation that something imposes an illegal obligation or burden, or denies some equitable or

legal right, or causes injustice.

Under 137 P.400, 402 an employee may be entitled by a collective bargaining agreement to seek relief through a particular series of steps called a grievance procedure.

So then we take these two definitions: and apply them to the standard set by the US constitution in the first amendment: which is written, “....or, the right of the people peaceably to assemble, and to petition the government for a redress of grievances”.

BECAUSE THE US CONSTITUTION, is a document dedicated to the legal rights of all citizens in this nation. WE KNOW, that this law of redress in the first amendment is a legal right, and NOT a political one! The entire document is generated as our agreement as a nation with ourselves as a democracy called we the people/ thereby as we are the rulers here. This document sets out the boundaries between employees (those hired to do the everyday work of governing), **and the owners called we the people.** Or more simply: we have distinct rights provided to each and every citizen/ which our primary employees are sworn to obey, and understand as, the restrictions placed upon their authority over us.

By constitutional grant then, **OUR RIGHT to redress** (*the remedies to our distress/ the correction of what is wrong by legal examination and jury trial*): is held within these particular steps of procedure as outlined in the amendment itself. We are united as our own government, as this people: rather than employees shall rule over us. But it is the law by which we rule ourselves, that makes this possible: all parties remaining equal, through law. President or homeless, the same; in terms of life. Because this *constitutional redress* gives us the right to hold our employees accountable; by their oath, and our authority. **NO OTHER RULE APPLIES/ NO JUDGE OR OFFICIAL is sovereign or immune; because this is constitutional law. This is our government to decide////////!**

Therefore we must assemble ourselves peaceably. There is no other, and no greater method for doing this as a procedure in law: than the creation of a jury, and subsequent juries to establish a legal right of ownership, “the common cause of the people” in a state. Then the assembling of all the people, in a nation: by additional juries voting on the same grievance, throughout the states. Adding to

the grievance so stated thereto, if they so desire: for the purpose of identifying what is indeed wrong/ that brings the majority (assembled by jury) to this purpose called redress trial. The injustice must be plain and simple: CLEARLY, we the people do sufficiently understand why we want ***“the truth, the whole truth, and nothing but the truth”*** from our employees. As would be created in trial of our employees, the accounting of our reality: and what these have or have not done.

We now come to the legal meaning of “petition”: it is “a formal written request or prayer for a certain thing to be done” in and through a court of law. Which adds in: THERE SHALL be penalties for those who lie.

The lesser laws of procedure, that do NOT control constitutional law, but are provided for their own influences over the court begin as 104 S.W. 1009, 1010. As it regards the equity to which we are entitled as owners in this complaint. The formal complaint for judicial action established here is influenced by 110 S.E. 2d 909, 911. Altered because redress is formally pronounced through the juries involved: as “all of us”/ demanding trial, and relief from those who have injured and caused great harm.

So then we have established so far: that REDRESS trial is warranted, IF THE JURY SO DEMANDS (by majority vote)/ under constitutional authority. This against our employees, or their rules, behaviors, decisions, and expectation of authority over us. **A true accounting: As IS created by the US constitutional law. As is the first amendment USA; and the fifth amendment of the IL constitution. A guarantee to each and every citizen: the right to demand; investigate: and, we shall know the truth!** That this then calls for, steps to be taken, is fair. In accordance, we the people, through the failure, theft, and threats so apparent in this day: **or I**, have assembled a legal petition, in this court: presentable to multiple juries. Who shall: Deciding on their own, if they do agree, as a majority representative of this people. ***That we MUST investigate and examine the evidence against our employees who do act, in our stead, for the purpose of OUR GOVERNMENT.*** **The decision: is this the society WE PAID FOR/ the nation we agreed to establish/ the justice we demanded/ the RESPECT established by fair play and equal treatment: OR NOT.** The decision extended: is this the future, to be expected/ will the children survive, or not. What we demand/ want/ or desire: is the authority of ownership/ it is not the authority of employees: they are hired, to do a specific job? As best we can/

means to understand the truth: even if reality refuses, to fully acknowledge it, at this time. The foundation of law is truth: **THAT MEANS**, it is the truth that must rule society, for liberty, freedom, and justice to be known. The truth of freedom is accomplished by determining **WHAT** it is, that allows you to intervene in my life. Liberty is the expression of all of us/ **NOT** the rules of a few over us. Justice is the experience, that expresses an **EQUAL** punishment, **OR** opportunity; on, or for us all. The understanding, in a perfect world/ we do not live: therefore knowledge and wisdom are essential to peace and harmony.

*We the people: **are the government*** therefore this petition to determine the limits and boundaries of freedom as a society: removing those who demand they rule us/ **in favor of liberty**. Is established by jury vote, to determine if the substance of a cause that reaches us, as a majority exists. If so, then in each judicial district: past the first, the state is assembled to determine if this petition goes further. The question of redress is: Honored and respected as we, the owners of this nation; called **WE THE PEOPLE**: when we understand our own truth. The essential element of democracy: means Redress is their (jury) decision/ not mine.

But it is my legally guaranteed constitutional right to ask of them, by jury: DO YOU AGREE, THAT WE MUST INVESTIGATE, AND TAKE CONTROL OVER OUR OWN GOVERNMENT, either state or nation. Establishing authority over our employees/ by their sworn oath, to protect/ defend/ obey/ and respect the constitution of this state, and this nation. Defining freedom, liberty, justice, and more, for ourselves! Because we know, that the evidence shall prove: lies/ cheating/ stealing/ extreme threats/ failure/ foolishness/ the assassination of every future life exists as a possibility: **and more** abound.

As a people, the constitution grants: Who shall then enforce our will, and our petition as citizens demanding this injustice or any **CHANGE** we demand, this duty/ this honor/ and this respect for a nation: shall be done, under constitutional law? The answer is, the constitution grants to each and every citizen that he or she may stand up for the nation, and bring their grievance to court: so that we the people can then decide.

It then becomes debenture within the court: by proving we own this state and this nation/ **WE**, are the primary creditors, we are the holders of primary securities: 16 N.E. 2d 352. **UPON THE COURT/ THE JUDICIARY**; there is then *the right to protect ourselves/ limit borrowing by the employees who*

*represent us; and all means necessary to protect OURSELVES, our possessions, our future, our nation, our world, and these children. **In this legal matter!***

Because we are a democracy, and that means we rule ourselves, by the law we create and enforce upon ourselves. No rulers, allowed/ all are the same, every life equal. Its just a different job.

These steps are completed, when the basic challenge of identifying what the grievance is: **as shall be listed**, and/ or enlarged by those juries who shall have their own say. The purpose here is to determine whether an “official redress trial, the jury chosen, by lottery/ shall be called”: among those who say, I will fight for this democracy. The question: to establish OUR/ **MY PETITION as we the people, demanding accountability and truth: among those employed/ by those WHO OWN THE RIGHT OF DEMOCRACY to decide:** within the court, as a state or nation, we the people are the law, in redress: under constitutional rule.

What we decide, the limits and boundaries of freedom ought to be. What we decide, the true responsibilities of the police and judiciary are: in authority over the people themselves? Is our law. This petition then calls for an accounting of the employees in government, **and subsequently demands the truth by investigation:** as to what has happened, in our state and nation, to establish redress: or what will happen in our immediate, near, or long term future from these failures/ as best we can. The reality being: **Because of** what our employees have or have not done.

This trial is about freedom, the elemental path of an individual life, in this society. This trial is about democracy (we shall take the liberty to decide as owners here/ & not be subjected to those who claim to be our rulers. Rather we rule ourselves, by law we create as a society/ NOT as rulers make for us). **This trial is about justice, fair play, equality of treatment, fundamental constitutional rights: and the foundations of democracy itself:** thereby a single jury cannot establish its own interpretations over we the people. But must present the critical aspects of our lives, in this petition as a society united: by the presentation of “jury rule”/ to the people themselves.

This jury CANNOT decide the fundamental limits and boundaries of freedom for this whole democracy/ nor do they have the authority to tell the employees of government what they can or

*cannot do. HOWEVER AS REDRESS OF GRIEVANCES is established, through the judicial districts vote among the people themselves: then **WE THE PEOPLE, as the true owners of this nation and this state assembled in legal DUE PROCESS,** conceived by the evidence, and determined by our own vote. Does establish REDRESS! **Not only can we do these things for ourselves/ it is our duty and responsibility as owners here. As a democracy called WE THE PEOPLE/ NOT, what“them the rulers over us, demand”. But as we the people decide for ourselves!***

*Therefore the primary remedy for this “stop sign case” is: THE DEMAND FOR LIMITS AND BOUNDARIES AS FREEDOM APPLIES to us all. The assessment of penalties to each and everyone AS DEMOCRACY ESTABLISHES IN JUSTICE AND FAIR PLAY: equal or same regardless of position or money. That becomes established by: the assignment of redress, and consequent assembly of the people, in determining WHERE TRUE AUTHORITY in freedom and liberty EXISTS. That all may know, in these matters of freedom and democracy: what our own authority as owners shall define. REDRESS: ESTABLISHED, FOR DEMOCRACY IS: **for their own decision, AS WE THE PEOPLE.** Therefrom creating DEMOCRACY by its own truth; becomes the opportunity for all who would desire to participate in a true REDRESS TRIAL, shall have their chance. As critical participants, and real owners in this democracy: the jury first through a lottery drawing, before all the people. Then all the people by individual vote for themselves, as a nation to establish OUR OWN LAW. NOT a vote for someone to vote for me/ my own vote for the law itself. We will then, determine what the limits and boundaries of JUSTICE & FAIR PLAY are. We the people will explain what EQUAL treatment under the law shall be. We will become the OWNERS: as defined by democracy, in this state and/ or nation as the truth found. **Democracy, BY WE THE PEOPLE.** Rather than those who insist they can rule us instead. We will prove, who the employees are.*

***This petition lists these complaints,** as a beginning of redress, either state and or nation. Or as any redress jury itself: decides, to add thereto/ a grievance*

of the people, all the people, deserves to be heard. A subsequent jury cannot take away the originating cause of a petition, but it may add its own concerns by majority vote; or deny it as a whole.

1. the battleground between freedom (*my right to choose/ and NOT be interfered with as an individual. BEGINS WITH THIS DESCRIPTION: When NO THREAT exists/ NO risk to property or environment can be found/ and NO direct interference with another is eminent, or substantially limits their own freedoms or need be secured in their own right. THEN I HAVE A RIGHT, TO DECIDE FOR MYSELF.* ESTABLISHED AS WELL IS: **our definition of liberty: the right of the people to choose for themselves** by informed and educated vote (that now being possible through mass communications) BECOMES democracy in action. More simply we own this state and nation/ WE DECIDE for ourselves. The question: To govern ourselves or to be governed by the few: *the reality of being ruled,* by those who simply decide that we must obey their “exact description of behavior/ what I must or must not do, IN MINUTE DETAIL: or be subject to their punishment” as my or our ruler. As is consistent with this the reality of this ticket. *Is the penalty and interference in a life that clearly demonstrates “no threat/ no risk/ no direct interference in any other life”, consistent with the penalty or, BY THE DEFINITIONS OF freedom in THIS DEMOCRACY. That question permeates this trial , therefore redress is the demand.*

2. The foundation of fundamental rights, as have been guaranteed to me by the constitution of both state and nation: AS IS FREEDOM/ AS IS DEMOCRACY THROUGH THE VOTE OF WE THE PEOPLE. **Does have distinct rights,** in a courtroom of law. However those rights, limits, and boundaries particularly on the side of our employees *who now believe they are rulers instead of employees:* MUST BE REDEFINED, for us all. The consequence of substantial punishment against me; **for an infraction of a rule,** DOES establish that cause/ as the difference between a police state, and freedom itself.

Particularly in connection with this commonly done practice, throughout the community, and county on a daily basis. **The determination of FAIR PLAY, EQUITY OF PUNISHMENT, AND CRITICAL JUSTICE; as identified by those incidents described.** Establishes a right to critically examine the truth of what these rules/ these laws that assume superiority over WE THE PEOPLE, can or do mean. *Democracy itself establishes OUR RIGHT to govern our employees,* and punish as necessary: by ruling ourselves through redress and constitutional

law. That right is hereby petitioned legally as the guarantee of both state and nation constitutions: called REDRESS OF GRIEVANCES. To make the employees reveal the truth about what our reality is, was, or shall be. As best we can.

A constitutional law MEANS: THESE EMPLOYEES OF(not, “as”) GOVERNMENT, regardless who they are, which includes the US supreme court: **CANNOT interfere!** Democracy is WE THE PEOPLE/ not them the nine people, OR any other, who demands to rule us all.

Democracy IS WE, THE PEOPLE: OURSELVES!

This is our law/ this is our democracy/ this is our right to vote for ourselves and determine what we the owners demand. This is my right to assemble the people in legal position/ to take control of their government: IF they so desire. Therefrom establishing the choice called LIBERTY: and changing that government, OUR LAWS, or whatever it is **that this democracy itself, through the constitution and its base translation of rights and freedoms, as a people: therein allow.**

As is consistent with, the preamble of the US constitution itself: **the duties and responsibilities we owe ourselves, AS A NATION:** are then these.

“We, the people of the United States, in order to form a more perfect union, establish justice, insure domestic tranquillity, provide for the common defense, promote the general welfare, and secure the blessings of liberty to ourselves and our posterity, do ordain and establish this Constitution for the United States of America”.

The constitution also speaks to the **duties and responsibilities to us, THAT WE REQUIRE of our employees:** does follow in the constitution. As the laws/ freedoms/ rights/ and liberties of the people, our employees **MUST SWEAR TO AFFIRM/ OBEY/ PROTECT/ RESPECT/ AND HONOR** in their work, and their lives. TO DO FOR US, as we the people chose: through this our agreement between & for ourselves, to unite as: “This nation, and this state SHALL be, in democracy”. Or face criminal prosecution for treason, if necessary.

3. The fundamentals of policing and judicial behavior, then come directly into view. Particularly as the evidence presented in previous trials “James F. Osterbur vs state or nation” demanding redress of grievances.

As a foundation established: for review, of our judicial/ legal realities

by WE THE OWNERS of our democracy! To determine if our employees DO OBEY THE LAW, that we have imposed upon them by constitution and oath! Therein the critical restraint of law and evidence is to be examined/ and the proof of ownership that allows us to declare for ourselves: we are a democracy. Investigates WHAT CAN OR CANNOT be done specifically here: by the police, the politician, or the judiciary/ according to our law. We are “the judge”!

This petition then **Falls distinctly within the parameters of REDRESS OF GRIEVANCES**, as defined by the people themselves/ not only those who wrote and signed the documents founding this nation: but the people who accepted these terms as our nation, our government over ourselves. We begin the investigation of practice and reality through the cases presented by James F. Osterbur with regard to the judiciary/ but by no means are limited thereto. The cases of a police state (we are the law/ you are nothing): as have presented themselves in this area of the state: as “**highly suspicious” of police authority.** Therefore MUST be examined for proof of substance, the right, by any individual claiming “police protection”/ as to the need for this violence; by those presenting overwhelming force. *The further evidence of collusion, establishing corruption and conspiracy to deny the rights and freedoms and protections clearly developed under DUE PROCESS: must be met as honorable “judicial or police discretion”. Must be identified .* The failure to prove, necessary or as best you could in defense of this society/ does conceive or establish at a minimum: circumstantial evidence of criminal intent, by the police, and by the investigating committees involved: the judiciary itself. Thereby penalties shall be involved. The minimum being: loss of job.

And in addition to these: *The recent act of congress/ senate/ and the president [S: 1867]:* **in completely disavowing constitutional law**, by subjecting the people themselves to incarceration without representation or trial, AS DOES REDUCE OUR NATION to a police state/ without the control of the people. **IS A clear act of treason.** *That MUST BE MET with constitutional authority, amendments 4,5, 6, and 7.* The reality of ownership called DEMOCRACY, enforced.. That “LAW OF THE RULER”/ against us all, threatens me directly too. As they have gave themselves the authority to destroy constitutional amendments; and claim to be RULERS (**they decide, justice/ law/ due process/ liberty/ freedom/ respect/ fair play/ equality/ ETC: does not matter. Instead of the constitution.**) Rulers over me/ and you, instead of democracy and legitimate law. THAT IS ILLEGAL, THAT IS OUTRIGHT REBELLION, AND WITHOUT MERIT.

These are the **fundamentals, of this trial/ above**: the trial called “the people versus James F. Osterbur.”

The fundamental definitions of threat: ADDED IN/ as established in this petition by James F. Osterbur **regarding REDRESS OF GRIEVANCES ITSELF**; for the nation. Shall also include; Because these threaten us all:

THE LIST: DID YOU KNOW? Do you care?

1. That when antibiotics fail, surgery fails too/ as well as treatment for countless diseases? The only real difference between today and hundreds or thousands of years ago: is surgery is possible, because the infections have been controlled. Without infectious controls, there are no surgeries because the risk of death becomes high. Without infection control, even without surgery, countless millions of people will die. In other words it is the antibiotic as primary participant, and not “medicine” that has produced the healthcare we know today.

The tragedy of cost/ the reality of extortion/ and the denial of care, are all attributed too: those in powerful positions, who have refused to educate “new doctors (no more, new graduates: than in 1960)”. Thereby intentionally keeping costs high, and securities for this people very low. So as to secure a monopoly over us. It is treason, a traitorous act against the people of this nation/ by those in CONTROL over medical education.

2. Did you know, that antibiotics are feed everyday in livestock feeds (by the million ton)/ because **without antibiotics** to contain disease, **there is no confinement agriculture**. Therefrom we KNOW, that when antibiotics fail, the entire “factory farm system/ confinement agriculture” fails with it. The creatures will quickly die/ and there is absolutely NO secondary system upon which we can turn; the small farmer was put out of business. You cannot wait for the livestock lost to rebuild their populations if any survive/ because we are 7 billion people: **YOU WILL go hungry!** Best guess: basic antibiotics will be through by 2014/ can’t use it in feed anymore. Won’t cure disease in livestock or people, anymore.

3. Did you know that antiseptics, various poisons, genetic mutilation, and more; cause a biological tragedy in much of the microscopic world, the bacterial germ and virus environment. As well as the creatures which consume the dead, and take care of our waste. Alterations in these environments can easily become pandemic/ leaving us without defenses or immunity, because they have been mutated/ their own chain of life destroyed: do to men. What will you do then/ recognizing the

truth, that our own bodies require some of these bacteria to survive. We are not “a single human being”/ RATHER we are a living structure of multiple biological organisms which do live in harmony inside to create the living factory that gives us time.

4. Did you know, that the factory ship is required to stay out on the ocean until the entire ship is filled with fish, millions! That means, when they find a school of fish/ these ships stay on top of that school until every last fish is taken on board (so they can go home). That means this colony, has been removed from the sea, and every predator fish that depended upon that colony will now die too. That means literally in ocean terms, they are turning the sea into a lifeless desert, and the tonnage caught, the species that have been lost, the pollution, environmental damage, the fuel consumed by ships all indicate the sea itself shall soon be empty; because of what men choose to do. **The sea feeds about one in six humans/ its not a game. The propaganda machines lie to you/ it is worse than you think, or they say. TIME is running out.** The final sanctuary for the sea is now open to fishing/ the arctic and antarctic now far more open than ever before: now, **NOWHERE TO HIDE. The coastlines are being destroyed/ the ocean floor is being contaminated (millions of gallons of oil lost every year in the sea): everything required for life in the sea, including the incubators of life/ the coral/ absolutely everything DEVASTATED because of human consequences.** ENORMOUS amounts of highly destructive chemicals dumped in the lakes and rivers/ every type of aquatic environment threatened, or destroyed; along with the creatures who live there. No second chances, past the point of no return. Species becoming extinct, just because of money. Millions of tons thrown away/ gill nets to drown millions more; poisons/ plastics/ everything else to let them swallow death. And for what? HOW MUCH is thrown away! You are going to starve, because that is what you chose.

5. Did you know, that based upon population counts across this world, we are growing at roughly 2 million more mouths to feed/ including deaths: each week! **As they grow, each one needs more. We are already standing roughly one person per green acre of earth; and that green acre has to provide for every life on the planet, including animals, birds, insects, and you.** 7 billion people, each standing on a square 3 feet by 3 feet= 27billion square feet “reach out your hand/ and touch someone”. 27,000,000,000 divided by 43560 feet per acre= 619,834 acres of solid humanity. In a single living human line 3 feet apart 7 billion people

reach 21,000,000,000 feet divided by the circumference of this earth at the equator 24,900 miles times 5280 feet= 131,473,279 feet. 21 billion feet of people, each spaced 3 feet apart at the equator = 205 trips around the equator in an unbroken line. We will soon be at each other's throat, with all weapons of mass destruction. FIGHTING for food/ water/ resources/ money/ and survival: because all of these things, have been tragically and deliberately sacrificed so the DAMNED FEW, could have anything they could dream of. ITS CALLED THE WORSHIP OF MONEY/ THE WANT TO PLAY GOD/ AND THE DEATH OF A PLANET, because the rest didn't care enough to stop them. Shame on you all. We stand at the edge of extinction, "because YOU WANT/ to hell with life: GIVE ME EVERYTHING". Failures and fools: Without the sense of an ant. To which the university says, "we are gods"! Yet the proof is: you chose death for a planet/ and led the people to their terror, the edge of extinction: therefore yes you are gods, OF HELL. PROVE YOU WILL SURVIVE. Prove your experiments, trophies, and toys are less than death for this planet.

6. Did you know our pollinators are dying; those creatures responsible for creating flowers, establishing fruit and vegetables: the insects, bats, birds, and various other partners in creating nature's abundance for us. Including larger mammals and others who drop seeds as well. Without them there is no flowers, fruit, or vegetables for a world. **Without the insects** there are very birds left, few reptiles or amphibians, nothing that depends on these, and so on. The biggest contributors to death are: **the new insecticides which promise no insects left in your yard/** the newer crop varieties that promise **an insecticide genetically mutated into the plant,** to kill insects. The **various poisons and genetic alterations** which if not directly responsible, are **indirectly responsible by altering molds, germs, diseases, foods, and other factors which these creatures need.** "Not all about us"/ because without food, we are dead; therefore their needs; their "chains of life", are our needs/ **their death is our death.** Sterilizing seed as is done in every production company for food seeds and more: so they can control the next generation/ is death to every other method of seed distribution or reproduction for nature.

7. Did you know, that **only one inch of rain in every 50 inches of rainfall actually reaches the aquifers ; just one inch of recharge in over a year, over most of the world.** Do you really believe they are not being drained; when

trillions of gallons are poisoned each year/ trillions of gallons are pumped into old oil fields to produce the last remnants oil and natural gas/ trillions of toxic waste is pumped into area's close to aquifers and can explode out of containment at any time destroying that aquifer forever (or an earthquake, releasing it). Trillions of gallons lost to ethanol production (*this now replaces 15% of your gasoline in the USA, plus the gallons lost in production, including irrigation/ plus the oxygen lost in those fires: GO FIND OUT, just how much that is*)/ trillions lost to the production of poisons. Or garbage dumps built right on top of the aquifers. Did you know trillions of gallons of water have been lost from the upper great lakes? Lost because men have opened a shipping channel around Niagra falls that did not use to be there: "OPENING THE DRAIN"/ and letting all the water disappear by not properly supervising the area. **See how small/ what a little thing can do!** Did you know that under one of the great lakes there is a monster cavern men have excavated: less than one thousand feet from the water/ and if a hole opens, which it absolutely will, most of the great lakes above it will disappear for years, if not forever.

Did you know that the **Ogahalla aquifer is nearly empty: the dust bowl returns soon.** Displacing all those people: no water left/ lost to ethanol production and absolute stupidity. Did you know that aquifers that dry up commonly collapse and then cannot be used ever again. Did you know that water on top of this earth cannot truly be pumped down into the aquifer because it is contaminated: MUST be cleaned first.

8. Did you know, that **according to fuel consumption statistics we burn enough fuels as a world to consume more than all the oxygen this planet produces.**

We know how much fuel we burn, because we sell it. We know how many forests burn, etc/ and how much oxygen each of these fires consume. Based entirely upon this projection of volume necessary to burn these fires; the first 200 feet or so of atmosphere is required, and **all the oxygen in it.** And neither you, or any animal has yet to have a breath of oxygen for yourself. The ending here is not a guess/ it's a mathematical certainty. THE REALITY we face is: either abandon the majority of your fuel consumption/ and protect the oxygen producers, OR you will be VERY SORRY. Beyond your comprehension today.

9. Did you know, that **an experiment "for space travel"** was done in the desert some years back; a greenhouse sealed over 3 acres (I believe) all kinds of plants, a water fall, "everything it needed and more"/ with 5 people who were suppose to

live in it for years. They broke out in months, **because the oxygen content had dropped too low.** Or that considerable oxygen supplies come from the ocean: and that base food supply of nearly all life in the ocean, and our oxygen: was being taken for livestock and pet feed. A two part devastation: no food for the sea/ no oxygen for ourselves.

10. Did you know **the ocean contains a million square mile garbage dump filled with plastics/ or that thousands of miles of ocean shore is dead because of agriculture and city pollution/ or the various incubators of ocean life have been devastated across this world. Or every year, major releases of oil are lost into the seas.** Important to you, because without this food, a billion people will go hungry. Did you know: *The food distribution network around the entire ocean* is stopping; the ocean currents created by cold and warm waters/ soon that life will be lost: “can’t find its way”. These currents also keep the European communities warmer than otherwise. They are Dying, because of global warming: a fact that cannot be denied because the proven: **GLACIAL ICE lost, is absolutely clear. Don’t care?** Consider this, that ice cools your drink does it not/ until all the ice is gone. Same is true for the planet, **as we look forward 130 degree plus summer days** will come in places no one ever dreamed it could happen. Got air-conditioning? This too is a major part of the problem adding tremendous amounts of heat, and consuming **great volumes of oxygen**, just so you can pretend to be “gods” (don’t have to obey the rules of nature, energy, life, or environment: I will do whatever I want).

11. Did you know **the foundation of every life, and every food source across this world, was a toy for genetic engineers to play with.** Did you know, your scientists are literally trying to create “fish people/ bird people/ insect people/ animal crossovers/ etc, etc, etc. Did you know, your genetic scientists are **deliberately trying to destroy genetic disciplines;** believing they will then learn how to be gods themselves? Did you know, **every donation you make** to some type of “medical miracle” ends in these hands; it will not to make you well, **“to play with nature with the intent to be gods/ gee, what could go wrong”?** You, are then an accomplice. Did you know that genetic structure is not a toy/ that once nature loses its discipline, it no longer differentiates species, it no longer balances the body, or creates a body specialized in any way. **Which then means, all genetic manipulation is the crucifixion of life on earth** That reality will actually evolve then into an ooze/ slime; because without discipline that is the best

it can do. That means you too, as the discipline necessary to hold your body together ends. Arms will literally fall off, heart falls into your stomach, a head or an arm of a foot or anything; can literally grow anywhere, at any time: **because the discipline, balance and order required to place it into a dedicated species/ creating a specifically designed body: has been removed.** Think! It may be the last time you will ever get to try. Not a game, life or death for a world. **It is “Armageddon; nature in chaos”.**

12. Did you know, **that fusion is the burning of atomic bonds/ therefore fusion brought onto this earth is like throwing a match into a lake of gasoline; except fusion will never go out/ because this earth and everything on it is made out of atomic fuel. We cannot put it out/ it will destroy us.** The national ignition facility has a machine capable of creating fusion today. That means at any time, on any day, our lives can be over. Not a game/ life or death for a world. *It is “the biblical, lake of fire” consuming the world, just like the sun. Starting as the biblical pillar of fire/ and predicted to end by the book of Daniel 1290 days after it first begins real experimentation.*

13. Did you know, that CERN a particle collider in Europe is prepared to create a “wormhole in space”. By accelerating a mass out of its atomic environment (by pulses of exploding proton debris)/ **into sufficient speeds to escape the action/ reaction environment;** it will pull the electrons cern has intentionally destabilized into a cone shape that is still attached to this world. The simple explanation is: **“the essential element will be a chainsaw like effect”** on the atomic environment over which it must pass; fundamentally upsetting the balance and altering the compositions of our atomic existence. It is an extreme risk, without the slightest possibility of reward. Or more simply as they say of themselves: WE ARE going to create “the big bang” here on earth/ the single most destructive event in the history of the universe. What could go wrong? This too, could be the abomination described in the book of Daniel, that is not for me to say/ but it easily can become a planet exploding, this planet reduced to dust, as we clearly do know from the big bang itself. “Something weakened the structure of that mass”/ so that it would all explode together as one “big bang”. They have focused the power of 2 or 3 nuclear power plants into one needle like protrusion/ to cause a single “train wreck” by directing two lines of energy going into the opposite direction into each other at speeds: as near to the speed of light as is possible. They could not be bigger fools!

14. Did you know that one trillion dollars is equal to 50 million workers times \$20,000.00 dollars per each one. The economic stimulus plan has already spent 3 trillion dollars/ which equals \$60,000.00 dollars of numbers, per each of 50 million workers: **put into the hands of banks; which multiply that money by 10, or perhaps more today.** Therefrom we understand: those people with access to lending, NOW HAVE 600,000.00 six hundred thousand dollars in “free money”/ per each of 50 million workers: **to use against you, in buying every foreclosure, every bankruptcy, anything they want.** Can you compete? No, you cannot. **This is an economic give away to the very rich/ who will get richer, and steal an entire nation within the next two years.** Did you know, plans are to spend 12 trillion dollars by 2012; they tell you only what the federal government spends (if you believe that)/ **but fail to describe just how much inflation the federal reserve will be putting out by buying “bad debts from banks/ giving money to foreign nations”/** so the banks can then confiscate the foreclosed property with your money. “Free money”: Given to banks, multiplied by 10, then invested in the stock market on margin which can be at least 50 times more. Lets assume that equals 2.4 million dollars in new money to the few who will be allowed to borrow it PER EACH AND EVERY WORKER, in this USA. Can you compete with someone who has been given 2.4 million dollars to spend, “free money”. Did you not get the debts, as a nation: who does not expect you to pay, “YOUR DEBT”? But alas: **if it cannot be paid/ then it is just inflation isn’t it!** In america where they added sixty thousand numbers of debt, to every single worker (assuming 50 million full time); ; **MORE than the average yearly wage** of an american worker: YOU HAVE LOST over half the value of the money you hold already. **Because there is twice as many numbers called dollars as there were last year. Debt is just a lie, used to swindle you; it is a thief used to steal an entire nation.** Only “a few rich” benefit/ everyone else, is left with, nothing but a gun. Is that not civil war, in just two years? The beginning of hell, because it can spread across this world: many nations are the same, and food will become scarce soon, who farms a battlefield?

15. Did you know **our resources as a world are nearly gone;** ransacked and ruined/ thrown in the garbage for the sake of “a job”/ for MONEY. **Yet we cannot live without resources.** Simple as that. Did you know, that without the newest discovery of potash on the ocean floor; recently there have been others. But the end result is: **we soon be out of one of the three fertilizers that made food production bountiful?** What will you do, when that, or any other critical

resource is gone?

16. Did you know: **global warming/ ecological chains of life are disappearing/ environmental disasters are being created/ oceans are rising/ deserts are increasing/ the ozone is disappearing for real/ species are becoming extinct/ terrorists are multiplying** (people without hope, assume “you killed me/ so I kill you): etc. Not to discount contaminated water, sewer diseases, genocide, etc. Not to forget, you cut down trees creating enough board feet to reach the moon, and back “several times each year” if I remember correctly. Its more every year/ **completely unsustainable; IS completely insane.** From a world at the brink of collapse, because you chose not respect anything. You chose not to build A FUTURE. You chose not to care, for a single child. You chose only money first, because your want is that insane, and defiant of truth!

17. Did you know, that **a mere 25 nuclear weapons detonated around the world are expected to be enough to kill life on this earth/** there are more than ten thousand, and that is just what you’re told, **“in a world full of liars”**. Did you know, the **biological weapons of mass destruction are expected to kill over 98% of humanity, these are specifically genetically altered/ mutilated to avoid all human immunity.** One broken vial, and no humans left/ because **the dead bodies alone, will finish the last.** As was true in India, the chemicals which surround you, can easily take your lives away. Yet the propaganda machines and political leaders have led you to “Call these weapons, your saviors”, called your protectors; so you don’t rise up against the INSANE. And you are so gullible, you believe in fools, failures, and devils. SHAME ON YOU.

18. Did you know, that at www.justtalking2.info there is a US supreme court case docketed as 08-1339 & www.justtalking3.info 11-100: demanding a first amendment redress of grievances trial. **The primary question presented to the court, a very simple: WILL YOU OBEY THE LAW? Because the law says: we the people have rights, and this is accountability in government. In uniform conspiracy, your leaders chose to abandon the law/ and choose instead to stand against the law; accepting the penalty of impeachment, and the accusation of traitor & treason instead of the law.** A clerk of the court sent “dismissed”/ which is criminal fraud; as only a judge can dismiss a legally docketed case. Your supreme court defied you. **Your supreme court chose against, and conspired to steal and murder your rights under the fourteenth amendment FOR DUE**

PROCESS, UNDER LAW. Your president, and attorney general/ even the governor of IL; said nothing, and were litigants. Nor did your journalists, or media; defend or honor or protect you: instead, “Quiet as a mouse”/ even though they were, sent information, and made aware because what becomes a docketed case in the US supreme court, is accessible by the media/ and they do keep track of all cases that become docketed. **Your media/ nor your leaders: fight for democracy.**

Did you know that **federal debt as is reported in the media is just the federal deficit: and it does not include state debt/ or personal debt/ or business debt/ or financial debt/ or agricultural debt/ or all the bonds issued.** Did you know the www.federalreserve.gov Flow of funds site used to report the accounting record. Their figures stated we as a nation would have crossed the line of 100 trillion dollars of debt/ by the end of 2007, but not to worry their claim was “we have 120 trillion dollars in assets”. But divide it by 300 million people, and that equals \$400,000.00 in the bank per every man, woman, and child/ every citizen in the nation, divided equally. You got yours? They removed the site when I reported, to many media outlets: these employees moved 3 trillion dollars from the debt column to the asset column in one week. A change that would have been of interest to the public/ **but not one peep out of media;** and the site took away all such information. **You are led by liars. You are protected by thieves:** “they care about the money more than you, or this nation”. **They cheat you with inflation for them, so they can claim more/ while you get the debt, so you can have nothing.**

The US supreme court says, “unimportant”. The leadership says, “debt don’t matter”/ UNLESS its yours. The judiciary obviously corrupt and in collusion with those who represent power, NOT justice.

Without change, we are dead. Adding to this list is simply unnecessary; if you cannot find your heart/ you simply don’t care. **If you think, “your leaders will save you”/ YOUR WRONG.** *They will let you die, have made literal decisions to let you die/ have taken all the value out of your money, stealing it for themselves/ robbed every resource/ mutilated every life form/ ransacked and raped the water, the oxygen, environment, and everything else destroying the future for all life. Throughout the years, as I have been making leaders aware for decades now: THEY KNOW* (including religion, primarily christian/ few addresses are available as to the others). By all realistic means possible to me, as the spirit inside of me allowed. Although I could have spent more, it is unrealistic, when the general

public I literally talked too, from all walks of life: **cannot find their voice/ but hide in their want instead**; assuming “the leaders and the university; know what they’re doing”. But they don’t.

Evolution is just a religion promoted through your government/ they infiltrated everything; and its just a theory; their evidence nothing more than a guess or a sham. But you believe because its “the university”. The university says: *a genetic code so elaborate it not only builds a body, creates the utilities necessary for that body, adds a mind, creates bones and joints and valves and blood and services to support, and gives the fundamental knowledge to exist at the beginning (such as breathe/ heart beat); hang the heart and organs in place, knit it all together, give us movement and senses and love: and much more.* Is an accident/ they say “microbes without a mind, built you”/ **yet the entire body represents clear and sustainable thought.** And you believe, SHAME ON YOU.

They tell you “Noah’s flood” *did not exist/ yet the evidence is absolutely clear:* *the only possible way the coal and oil reserves (buried plants and animal carcasses) at depths ranging down to thousands of feet/ all buried at once. Could exist, is if a massive flood changed the face of this earth.* Your university has been made aware/ and they refuse blatant undeniable truth. *YOUR university built the decisions which we now face/ they propagated every facet of a courtroom in shame/ a government of liars, a business and industry without respect/ a pollution and weapons and mutilation to end life.* They even changed public education to deny children the right to be prepared for life, educating them on financial concerns, health, and **anything else of value**; choosing to make puppets and fear and want instead; creating a failed state, with only them as “valued”. And **the rest as slaves.** Shame on you for worshipping them/ they are not gods; the tiny bits done to benefit you are like a candle to the sun, for what has been done to destroy you. WAKE UP OR DIE. **“Not hate for university/ but a return to honesty, truth, and reality. NO MORE DAMN FANTASY or LIES or GAMES”!** Life first, NOT arrogance, idiocy, stupidity, or ideology (worshipping images). Shame on you.

Your university tells you; the sun burns from the core out/ they say fusion is “held together by gravity and pressures that cannot be sustained on earth”; therefore the fusion they will create will simply go out. **BUT WHAT IF THEY ARE WRONG?** The answer is you die, because the machine at NIF can create fusion/ but it **cannot put it out.** All dead, for nothing. SHAME ON YOU. **Your**

university, media, and leadership refuse the clear evidence that they are indeed wrong. That evidence being an exploding star is said to expand first, and increase in heat output prior to explosion. We know, that nothing else: *but what exists within that sphere* is involved; and that means clearly the internal mass is expanding/ and it cannot expand, if in fact the internal mass was literally burning from the core out. **[there would be nothing to make hotter/ there would be nothing to add fuel to the fire].** Clearly fusion burns at the surface/ and do to the thermal effects of heat, that fire is raised away from the surface (**like a candle flame is raised from the candle**) which keeps the inner mass from complete annihilation. Instead of pressure sucking fusion fire down/ **thermal laws raise the fire up**, enclosed as a sphere, the only direction heat can go: is away from the mass. Making the surface at the sun itself: if not balanced, *a negative pressure as mass is sucked away from the sphere, and into the fire.* Added to that, we have a historical record of thousands of years of humanity, and nothing indicates the level of heat has changed dramatically from the sun. **IF EVERYTHING was on fire**, as in the assertion the fire extends from the core: then the consumption of everything at once, WOULD DEMAND a change in the size of the sun because of that consumption. In other words, less heat than thousands of years ago. Fusion is burning atomic bonds/ and everything here is fuel.

19. Did you know: that for thousands of years if not more, the excess oxygen this planet creates ends up as ozone (has to go somewhere)/ protecting us from radiation. When the ozone layer disappears, it means that **every ounce of oxygen surplus for this planet has been used up**; by your fires. How long before you cannot breathe? How long before endless skin cancers take over life? Answer the question. How long before radiation poisoning changes the plants, and every life on earth?

20. Did you know, that the production of oxygen is limited by the creation of green leaves in a designated area/ trees becoming the most prolific because it is the highest density of green per square foot. You are destroying them all! What will you breathe? Did you know the ocean has creatures that create oxygen/ now being harvested for “pet foods, or other.” Ending that supply. A large portion of microscopic life originates under ice.

21. Did you know that Yellowstone super-volcano clearly demonstrates the possibility of an eruption soon/ as does the Krakatau super-volcano. These are the

cause of glacial formations/ because they can and do make the earth cold/ by ash clouds and chemicals blocking the sun.. **Which means immense change, and billions of people lost.** THERE IS something that can be done: simply **bore down and let the gases escape, or be collected into storage** above. *That ends the violence of an eruption.* It becomes like the Hawaiian volcano's. The threat of a major tsunami remains on an island that faces the eastern United States shore: estimated at over one hundred feet tall, if it releases: how should that not be dealt with, by the movement of dirt and rock to establish it cannot happen any more?

22. Did you know, that the **dumping of so much water, as melted ice;** by humanity changing the climate. Into the oceans **HAS CHANGED the balance of weight therein adding billions of tons, or more to the ocean floor;** which then caused the Japanese tsunami, because the shifting of tectonic plates, due to that weight. There are consequences. Such as, a restructuring of the balance between the molten core of this planet and the weight that sits on top of it: ending in volcano's and earthquakes in new places or resurrecting old volcano's. Don't believe it's a human effect: search for yourself how much fuel is burned (EQUALS HEAT RELEASED)/ forest fires, etc. Then calculate the BTU'S and understand just how much heat YOU CAUSE for this planet. How that heat affects not only climate, BUT DROUGHT. GLACIAL MELT, CHANGES THE JET STREAM ABOVE, which changes the path of rain. The immense release of heat generated by air-conditioning in major cities, also contribute to changing rain patterns.

23. Understand this, when they tell you: that everything is OK **because they pumped the problem toxins into the earth** or they are under the water table by "this far". **MEASURE IT OUT, right here on the surface.** Take a tape measure and see, just how far you are, from catastrophe/ an earthquake changes many things, not to mention fissures and cracks and so on/ which let those toxins migrate anywhere they can. As is being realized in Pennsylvania, Wyoming, and Ohio today in small measure: fracking destroys the sediment seals/ breaks open fissures for gas to escape, and uses untold billions of gallons in fresh water to do their deeds (all gone/ or destroyed) means: **THOSE PEOPLE CANNOT LIVE HERE ANYMORE. [you got room, for a few million people who lost their home?]** As is becoming apparent in Youngstown Ohio: when the people drilling a waste hole do not go deep enough but pump into an area which causes a hydraulic action to occur/ over time that begins to lift the earth, and pressurized

the toxins: so they escape in plumes of death right into the aquifers.

24. **Every living thing, is dependent upon** some form of food, or water/ some aspect of housing or safety or secondary assistance (must eat something) if a fire comes, or other. Think about that **as the rate of extinction in all life** greatly increases, plants/ insects/ animals/ fish/ aquatics/ birds/ reptiles/ fish/ and all the rest. Or more simply, WHEN ONE CRITICAL NEED, cannot be filled to sustain a life: all such life die? **Everything that depended upon them dies too.** Same for you, understand this: can't get an antibiotic/ oh well, you die! Can't find food or water or oxygen: oh well/ you die. Because your universities/ industry/ etc: are mutilating and killing everything in sight, and even hidden from sight. How is that not INSANE? **Every critical link/ every important chain or critical resource: ABSOLUTELY EVERYTHING THE FUTURE NEEDS, is in crisis.** Your leaders, your university "gods" threw it all away: so they could play their games, and not do any real work, or make any real plans for life; other than how best to reduce us to slavery. Failing to note: when we die/ they are next.

25. Then we have the new nano-technology: **the making of biological "man-made virus" that can replicate itself within any biological creation.** So small they can plug up enormous amounts of biological functions. Some capable of "machine like movements": and thereby able to become a pandemic of their own/ given enough time.

26. **Your university religion/ its images/ and your gods:** ARE Mutilating your food, destroying your own water and oxygen supplies, making biological weapons that are "guaranteed to kill at least 98%, of ALL humanity". **Killing everything you touch AS IS NATURE/** destroying every resource, just to throw it in the garbage. And so damn much more either you are critically INSANE as well/ OR you just don't give a damn/ you have become satan himself. Because you are willing to let them kill an entire planet, without saying a word in LIFE'S DEFENSE. Take your pick, dead or alive! Can't have both: DUMBASS.

CHANGE AND DO BETTER, OR DIE! IT'S A CHOICE, YOU ARE LITERALLY MAKING TODAY. YOU make that choice/ YOU are the solution for change/ YOU are the difference between life or death for a planet: **SO GET OFF YOUR ASS, and do something LEGAL!** Tell the others, so they can help

you. Shut off the electricity to your death machines/ & stop the crucifixion of life by taking away their tools as a start.

The fundamentals of REDRESS trial that exist, include the right: to establish CHANGE IN GOVERNMENT/ by we the people ourselves. This is then established for discussion as a nation, through the democracy enhanced by the preamble of the US constitution at its heart: which is REDRESS. Gives us all the right to expand “OUR DECISION”, FOR OURSELVES, these children, this world, AND OUR NATION. As including these decisions. Therefore the right of democracy enforced: Shall Further include:

1. That medical expenses shall be limited to, a percentage of income or asset as will be defined: thereby fair to all/ because life is the same to each one. The number is irrelevant/ every life being equal. That would also include a small payment for the maintenance of buildings and equipment as a tax upon us all. But no more. Then a percentage of income, or work; as would be appropriate to the medical work done. There will be by vote: what is “too much”/ you have to leave now. Or survive on your own.

2. Establishes that we the people can rule ourselves **by the laws we create:** for governing ourselves. We can and will enforce these laws/ by understanding and teaching each one to ourselves. That means a distinct limit to laws or rules, of about 100. That means every law, “shall be short, expressive and to the point” as are the amendments of the constitution; **so that none can mistake them.** Throwing out all other law, we will recreate our future. We can rule ourselves, and change our relationship as society to each other/ by demanding “limited capitalism”: *the truth, that we all deserve an equal opportunity, and a fair share in the rewards life can offer.*

3. The fantasy and delusion that weapons of mass destruction are in any way “our saviors” MUST END. **Replaced with world law, and world policing that then enforces our will as humanity itself on this earth: ON THE LEADERS, WHO FAIL US.** The weapons then removed, and the reality of peace established.

You will: let a “world court” decide what to do with the prisoners at Guantanamo: and surrender that property to the world as its own prison for

leaders, terrorists, and court.

4. The elemental energy plan of every nation, is simply: RE-INSULATE EVERYTHING (demand efficiency is established), at levels three times greater than current standards: so that not only resources/ oxygen/ pollution/ environment/ life/ global warming/ and water will benefit. But the future as well. These are primary immediate jobs for you/ with rationing applied to anyone who “uses too much” as an individual, or group of individuals. We all share, including the future/ period.

5. **The currency SHALL be accounted for, AS REALITY/ *the lies removed/ the stealing returned/ the cheating and counterfeiting abandoned and punished: and the money supply RE-ESTABLISHED using only “so many numbers” per citizen, as a nation.*** NO MORE CREDIT internationally, thereby a new international currency only; based upon gold or silver, as a standard established per the numbers, called money. Same for all.

6. **Social security shall be limited to a percentage of the GDP/ as a nation: chosen and enforced by the vote of the people themselves. *Those entitled to social security shall then vote among themselves how they shall indeed divide that number among themselves: for all costs/ including medicare.*** That is all you get/ because that is all there is. No more games.

7. All welfare abandoned: replaced with an actual job, at a base living wage established as enough, **“to live within a realistic expectation of the rest”/** not rich, but not poverty either. **We are all OWED, our share of the work, and the rights to provide for ourselves.** No exceptions.

8. The need for education is **established by what LIFE NEEDS TO KNOW/** that peace, harmony, survival, happiness, respect, romance, freedom, liberty, nature, environment, entertainment, and every other form of society at work and play for the sake of critical understanding. Must be learned. NOT the damned flushing children down a sewer/ as is today. But life, the reality of our truth, our needs, and **our future established by wisdom**, NOT greed, pride, want, or power.

No more “higher education” gets to claim and enforce anything it wants. RATHER, they will collect a percentage of the income a student receives critically

due to the work, you helped them create for themselves. *If you fail them/ or the job promised fails them: they owe you nothing.* This is: produce a benefit for life that is real, and substantial/ or don't get paid.

9. The religion called evolution (nothing but a “witch doctor” theory, that cannot be proven.)/ SHALL be removed from all government associations, educational venues, or privilege. It is illegal, it is blind and beyond stupid, it is the door through which the mutilation of all genetic life as is NATURE ITSELF, was opened. It is then: an act of treason against the world. Prove the evidence is wrong!

10. The news media SHALL, be broken up into independent news/ without a deliberate financial connection between them: each limited to an area/ **each independent and governed by what they did or did not do, to protect, honor, respect, or create happiness for this society.** Each governed by the reality of what they can examine/ investigate/ define/ and create for society itself. If not as a platform for new ideas, or opportunities to discuss and compromise as is wise. As deliberate protection for the nation, through the defense of the constitution, our justice and society at fair play, or other notable issues: **that do not rely upon entertainment or fears.** *We the people shall pay, for the stories that support our lives and our world HONESTLY: by tax. Determined by popular vote among the people for the stories presented that did or did not do: what “the free press” was meant for.*

11. **All banking shall be broken up** to become strictly independent banking and investment: **NO large banks or other/** can or will be allowed to combine. No stock market allowed, unless it is **true to the purpose and reality of actually helping business in this nation grow** and do well. **NO MORE CASINO, using business and industry as a toy, to be played with.** But **in no circumstance can monopolies continue/** as is such businesses as microsoft, and walmart/ and more. No large agricultural businesses, etc: *rather a return to freedom for the people themselves to choose their work, and establish their own life.*

Because their opportunity is not controlled by a tiny few, in powerful positions.

12. All funding of government, SHALL BE: restructured around a vote by the people themselves: **choosing instead a percentage of the taxation collected shall go to “each specific purpose or decision of government”/ and only that.**

Thereby we decide for ourselves, where our money shall go/ with critical accounting done on a monthly basis and established online. We will choose to limit the military ourselves. We will choose the war/ and when to come home ourselves, etc. *Or more simply: the power of governing SHALL BE RETURNED TO THE PEOPLE THEMSELVES/ as much as is realistically possible.* By fully understanding: **once the critical decisions are made/** only little decisions are left, to those we employ to do this work for ourselves.
