326 U.S. 310, 316 THE RIGHT TO REDRESS as assigned by true democracy.

We the people are, participants in this trial. Establishing the supremacy of democracy.

The fundamental principle called WE THE PEOPLE.

THE DEMAND, called self-defense 23 So 2d 19, 20. AS IS, consistent with a legal tax
revolt 215 F. 2d 415, 418. In this situation where confronted with extreme threat: not
from “democracy”/ but from those employees who have used, abused, threatened, and
bankrupted us all 108 S.W. 2d 489, 493. Those entities of university; that choose to risk
extermination of all life from this planet. 126 P. 2d 406, 408. THIS government aiding
and abetting the same 24 A. 2d 85, 87.

the demand for trial in the IL supreme court 140 F. Supp. 928
ui89 the inherent powers of WE THE PEOPLE 437 N.E. 2d 164, 168.

Jurisdiction is presented as constitutional law, both state and nation; DEMANDING protection from threats that DO endanger and affect: this entire populace 147 P. 2d 759, 761. that cannot be ignored, and must have injunctive relief 236 S.W. 111, 112. Witness to that threat is documented, and filed: within these words. 146 A 2d 924, 926. We the people are sovereign under democracy, and we declare under eminent domain: the right to demand this courtroom is ours/ and you are the employee. 15 A 2d 647, 650; **AS IS CONSISTENT WITH REDRESS OF GRIEVANCES**. Under both 1st amendment federal law, and 5th amendment IL law. Thereby establishing the right to INFORM AND DECIDE for ourselves.

the demand is: the court MUST answer the law, as is presented here, and obey its oath, by defending this people, protecting this state and this world: with clear and certain knowledge/ anything less is tyranny. They must investigate each and every threat cited; and establish the risk 45 C.J.S. 753. assigned to each threat/ by reliance on fact/ not “experts OR theories”. *That assessment SHALL encompass the consequences of being wrong!* And need not be further assigned as to any other potential: ONLY THE THREAT OF DAMAGE, INJURY, OR EXTINCTION. These threats DO, violate the people’s trust, and threaten their world, their children, their democracy, and their future. Failure is equally nonfeasance 191 N.E. 2d 588, 591 402 So 2d 1197, 1200; and will be construed as anarchy/ or open rebellion against this people, and their laws.

RE: harassment 2/ the intent to refuse me constitutional law.

437 F. Supp 201, 220. 123 N.W. 504, 508.

Argument begins in consent: the right to be duly informed as to the consequences, rights, and penalties for **being wrong. WHERE EXTREME THREATS EXIST:**

348 U.S. 436, 444-45. 323 P 2d 301, 309

that is a question, that the court can investigate, answer, and establish before the people themselves.

The critical question in this lawsuit is whether or not, you can enforce your religious beliefs upon me, and the citizens of this state. 71 P. 2d, 220. 253-254. Whether or not you owe me and the citizens of this state: the constitutional demands and guarantees of the state and nation. 142 U.S. 128, 130. **“WE did the work/ WE demand what we agreed to, in return!”** Whether or not you owe me and the citizens of this state: a respectful employment that is dedicated to protecting our lives, defending our state, nation, future, and world. 271 U.S. 228, Whether or not you can discard our money, and destroy our securities by bankrupting this state: thereby enslaving all, but yourselves and your religion “university knows”. 112 F. 2d 886. Whether or not, it is legal for you to so prejudice our government against the needs of we the people; by such things as the observation box atop University of IL football stadium built a few years ago for \$126 million dollars; 124 N.Y.S. 2d 634, 636. so your “religious

priests” could pretend to be emperors for 6 afternoons a year, at our expense. 429 S.W. 2d 381, 382 The question is not, “greatly concerned with science”/ ONLY the truth regarding costs and consequences/ the extermination of life, the reality of biological weapons of potential mass destruction being released/ and so on: based upon the religious belief, “university knows”. 268 So. 2d 290, 292. *[Reasonable care CANNOT be construed when an experiment, which if theory fails/ CANNOT be undone, we all die. **UNLESS WE KNOW, what happens if this goes wrong, and make our own decision accordingly:** there can be NO RELIANCE on “experts or theories”. **There can be NO BELIEF among our employees, that justifies risking our planet, its nature, our future, or life on earth in any form]*** When clearly: formed by theories and experiments that can go wrong, and destroy all life on earth/ they absolutely do not. 43 S.W. 508, 509. Our state, nation, and our world is being ravished/ mutilated/ crucified/ gambled with/ used and abused in every conceivable way. **That is nothing less than organized crime overtaking our government** 571 F. 2d 880.

This level of threat and disrespect for every citizen in this state and this nation: DEMANDS, WE ARE EACH ONE INVOLVED IN THE OUTCOME OF THIS CASE.

IL constitution section 2; This Section shall not be construed as limiting the authority of any branch of government to establish and enforce ethical standards for that branch.
(Source: Illinois Constitution.)

The question extends: Whether or not the constitution rules the courtroom and this government, both state and nation. 137 So 479, 482. Because the US constitution promises and guarantees certain rights which the state can in no way and under no circumstance diminish or deny. 516 F. Supp. 399, 404. *Due process of law is a suitable process, or an appropriate procedure that is not destroyed by rules of the court/ or the abuse which is denial of law itself by the court.* The state can merely add their own guarantees to further the purposes and intent of the US constitution. 216 P 446, 449. “Our state/ our nation: we are the owners here”. 147 P 2d 759, 761. Whether or not the constitution is a contract between our employees and ourselves as the true owners of this democracy: whereby we enforce that ownership with oaths, and their penalties. Establishing the same through redress of grievances as the law allows and states. 71 P 301.

Of these critical questions: the only ones that truly matter to me are the extreme threats that exist against our lives, which we cannot survive as a state, nation, or world. 278 N.E. 2d 504, 510. Those threats are refined in the clear, concise, and dedicated intent and purpose of WE THE PEOPLE OF THIS UNITED STATES OF AMERICA; as declared within the constitution of this USA. 159 F. 2d 642, 643. **To be illegal/ to be terrorism funded illegally, by our employees of government/ to be “religious dictum”; as that risk to our entire world and every life/ IS GOVERNED, by their beliefs; rather than any purpose or description called fact. That is illegal.**

It reads since you don’t know it: as follows

“we the people of the United States, in order to form a more perfect union, establish justice, insure domestic tranquillity, provide for the common defense, promote the general welfare, and secure the blessings of liberty to ourselves and our posterity, do ordain and establish this constitution for the United States of America.” 328 U.S. 217. 407 U.S. 493.

OR, in comparison; this government is dedicated to, the responsibilities, needs, and

thereby duties of the people themselves; in their own efforts to sustain freedoms, guarantee rights, and protect themselves from tyranny. Our reality is: "Its not free/ someone always believes they can be ruler."

All issues of taxation 280 P 2d 81, 85. arise out of conformity to these basic demands, that are made upon our employees, and that includes this state of IL. 160 P 2d 37, 39. **I DO NOT REFUSE taxation. Rather I demand you prove to me by law, 78 A 2d 572, 576. That you have the right or authority to risk our planet, our nature, these children, our future, or my own life/ using my own money to destroy me. 65 N.W. 2d 785, 791 Failure to provide; IS ILLEGAL; so says your oath, and the fourteenth amendment.** NO RULES of the court, no conjecture as is theory, no harassment of the constitution or this democracy, no assumptions of religious "university knows" belief, no lies as to what happens when they are proven wrong or abuse of the court; or using OUR government to hide behind by refusing due process without the law as conspiracy and collusion have proven true. This is a demand: the truth, the whole truth, and nothing but the truth 203 S.W. 2d 548, 552. **PROVE: that my demands in law, merit, threat, duty to this state and nation, and legal tax revolt 109 So 2d 375, 378: are NOT CONSISTENT with the law of this state or this nation. 342 F. Supp. 1048, 1062** While you may argue that is not your job/ it is the job of the court, and I have filed in the IL supreme court, developing this argument: the constitution rules this state/ NOT you. and in the US supreme court demanding that the constitution rules this nation: NOT YOU 290 U.S. 389, 394. , your oath demands, constitutional laws shall be kept 230 S.W. 2d 770, 775. "THIS DEMOCRACY, IS OUR PROPERTY! You, are the employee; **THAT IS YOUR JOB, to obey the constitution, and provide the full intent of the law that is established through the preamble written above. That is your oath of office, for this state and nation:** THAT is, our right to demand as a contractual obligation: OUR EMPLOYEES DID SWEAR, to keep. To obey the constitution, protect this people, and defend this state and this nation. Just as we the people are called to war, to do the same; irregardless if war, at this time if it makes any sense at all. We do our job/ and you must do your job. **AS IS THE CONTRACT BETWEEN US. 655 P 2d 116, 118. "I do solemnly swear (affirm) that I will support the Constitution of the United States, and the Constitution of the State of Illinois, and that I will faithfully discharge the duties of the office of to the best of my ability."** (Source: Illinois Constitution.) **YOU ARE NOT RULERS, SECTION 4. SOVEREIGN IMMUNITY ABOLISHED 452 A 2d 75, 77.**

Except as the General Assembly may provide by law, sovereign immunity in this State is abolished.

which means you have no right to simply do whatever you want to do. Neither are you free of penalties for what you have done, outside the intent and authority of the constitution itself. Or more simply that constitution and the US constitution RULE YOU.

(5 ILCS 255/4) (from Ch. 101, par. 4)

Sec. 4. Whenever any person required to take or subscribe an oath, as aforesaid, and in all cases where an oath is upon any lawful occasion to be administered, and such person shall have

conscientious scruples against taking an oath, he shall be admitted, instead of taking an oath, to make his solemn affirmation or declaration in the following form to-wit: You do solemnly, sincerely and truly declare and affirm. Which solemn affirmation or declaration shall be equally valid as if such person had taken an oath in the usual form; and every person guilty of falsely and corruptly declaring, as aforesaid, shall incur and suffer the like pains and penalties as are or shall be inflicted on persons convicted of willful and corrupt perjury.
(Source: R.S. 1874, p. 725.)

(5 ILCS 255/5) (from Ch. 101, par. 5)

Sec. 5. All oaths, affirmations, affidavits and depositions, administered or taken as provided in this act, shall subject any person who shall so swear or affirm willfully and falsely, in matter material to any issue or point in question, to the like pains and penalties as are inflicted by law on persons convicted of willful and corrupt perjury.
(Source: R.S. 1874, p. 725.)

We have a contract with you, it is called the constitution of both state and nation; whose intent for your work is written above in the preamble, and with the various guaranteed rights as are included in your job description and the foundation of our existence as citizens here. 361 U.S. 234. YOU DO, have the legal power to establish our true intent as described by that preamble for this democracy; as employees of government: you swore an oath to do so.

A guaranteed right is not discretionary. Due process is not discretionary. Our money, our securities, our lives, our future, these children, our state or nation is NOT discretionary: you have absolutely no right to gamble, or allow any other to gamble or risk; anything that is ours. We do have rights, and they are controlled by law. 133 N.Y.S. 2d 423, 427. The constitution is the law that governs this nation. Redress of grievances is the law/ and it is clear conspiracy, corruption, and traitorous actions that deny that law. The constitution of IL is the law that governs any and all laws of this state; under the US constitution. There are NO LAWS, AND NO RULES AND NO RIGHTS that do not exist under these two documents as intended. No amendment is discretionary/ and NO appearance in court can be discarded by simply ignoring the law that controls this democracy, that is blatant tyranny, and it constructs treason. 303 A. 2d 139, 140
(5 ILCS 283/5)

Sec. 5. Legislative declaration. Public corruption is a far-reaching, continuing and extremely profitable criminal enterprise, which diverts significant amounts of public money for illicit purposes. Public corruption-related schemes persist despite the threat of prosecution and the actual prosecution and imprisonment of individual participants because existing sanctions do not effectively reach the money and other assets generated by such schemes. It is therefore necessary to supplement existing sanctions by mandating forfeiture of money and other assets generated by public corruption-related activities. Forfeiture diminishes the financial incentives which encourage and sustain public corruption, restores public moneys which have been diverted by public corruption, and secures for the People of the State of Illinois assets to be used for enforcement of laws governing public corruption.

I am demanding that constitutional law, intent, justice, protection of the people defense of our state and nation and world SHALL BE identified in court: either for or against the various threats, issues, and guaranteed rights **that I do present. AS THE IL CONSTITUTION SAYS: 80 N.W. 2d 548, 553. AS WE THE PEOPLE INTENDED; and did present to our employees through the preamble of each constitution, and the guaranteed rights so described in these documents. ARE NOT DISCRETIONARY/ they are our law, and they control you, as an employee. 394 U.S. 618, 634.**

I AM NOT LESS, "THAN AN EMPLOYEE"/ we are owners here as residents and citizens of the constitution that makes this a democratic state.

I refuse the deliberate actions, that do NOT conform in any sense to the demands of constitutional law; as is the valid claim of bankruptcy. **I refuse to have my world threatened without a legal fight.** I refuse to have constitutional law discarded in the trash by any

courtroom in this state, as it has done when demanding first amendment constitutional redress of grievances. 42 U.S.C. 1983 18 U.S.C. 245. **That is not your right, it is the law.** I refuse to tolerate the denial of due process, as has been done in the appellate case **Case 4-12-0429.** And continue paying taxes for your failures, rather than the work we hired you to do; as is identified by oath. I demanded hearing in IL supreme court under IL constitutional law, and the laws of the United States, and have been refused; 220 U.S. 61, 78. they simply abandoned me. I return to court; harassed by the legal law firm, 173 N.W. 2d 887, 888. Linebarger, Goggan Blair & Sampson box 06140 Chicago IL 60606-0140 even though I tell them “take me to court”. They continue to refuse/ they call repeatedly after being told I am in court with this issue, as is consistent with the US supreme court filings www.trialforlife.info

(3) the purpose of State agencies is to serve the

re: correspondence to: Linebarger, Goggan Blair & Sampson box 06140 Chicago IL 60606-0140

Your action exists to refuse my day in court/ which is the only reason a tax has not been paid. Provide my legally guaranteed constitutional right/ and I will pay whatever I do literally

owe. Since every other method of attaining my legal constitutional right has been denied to be in case after case through both state and federal courts: it is necessary to withhold taxes as that is the only thing that gets your attention. In 7 months, **I have been granted nothing but harassment.** Not law/ not rights/ not due process/ not justice/ not fair play: **CLEARLY NOT FAIR** in any aspect of governing to we the people, in an endless failure by our employees. 438 P 2d 250, 252. **Thereby we must find accountability for ourselves: as is the purpose of redress.** 353 U.S. 87. You may not threaten me, with failure to govern university experimentation. You may not threaten me with slavery due to your endless perversion, and critical prejudice to “give everything to your religion: university knows/ they are gods”. You may not bankrupt, or destroy this state further, by your fantasies, failures, and delusions: without a fight. **YOU MAY NOT** protect and defend only yourselves, assuming **the insane thirst and ridiculous assertion:** that reality DOES NOT matter. Truth matters, these are experiments our existence on earth, cannot survive.

Redress demands a critical investigation in full view of the public, no secrets and no excuses: the truth, the whole truth, and nothing but the truth. And that includes you, your assumptions and claims for money that cannot be paid. **OUR RIGHTS, TO ESTABLISH JUSTICE, AND DEMOCRACY** for ourselves; is fundamental democracy, lost because of your deceit. Since you have proven to be liars, traitors, thieves, and terrorists. This is a demand for **DEMOCRACY FIRST, FOR LIFE FIRST:** and the establishment that **REALITY MUST RULE. This is the very critical statement:**

You may not gamble with life or planet/ not NATURE or energies beyond our known reality in time. You may NOT ASSUME theories are facts, or function, nor can you experiment; trying to destroy the foundations in time that have established this world. ***LIFE must come FIRST:*** no exceptions, no games, and **NO theories that endanger our lives. You may not ignore threats that destroy our future. You may not steal, lie, cheat, or in any way DISRESPECT US, OR OUR WORLD! These are; At an absolute minimum YOUR job; in obedience to our law/ OUR STATE, and OUR NATION.** Obey the contract, called a constitution; and fulfill your job descriptions: to protect, defend, and serve us as owners of this state and nation. **NOT TREASON,** as is the cost of your failures. When you have done that, I will happily pay the tax; as that means you have earned your salary, and did what **WE THE PEOPLE** hired you to do. I don’t pay for failure, that is **NOT** a constitutional right. **THE INTENTIONAL MISUSE** of governmental authority is **NOT** in your job description. I do pay taxation, if the people themselves decide to risk our world. Let them decide/ its called democracy. Even if they are wrong; they all do have to live or die; the result.

You are not “government as intended”/ you are a disease that needs to be treated with redress of grievances; before you cost us everything. An entire world!

1) Nothing has changed. This statement still constructs and identifies, the argument, that legal avenues must be taken to avoid further disasters for this state and this nation. It adds in: **YOU MAY NOT SIMPLY SAY, “I BELIEVE IN WHATEVER THE UNIVERSITY DOES”** as all religions declare. There **MUST BE PROOF** of the critical work and words: Describe what happens when your theory is proven wrong.

Thereby the statement comes into focus: TAKE ME TO COURT!

You may consider this "my second filing" in that case. This is the beginning of content as to what that trial will be. Time's up/ PAY WHAT YOU OWE ME.

2) you owe me constitutional guarantees as written. You owe me due process as is guaranteed and intended.. NOT the avoidance of constitutional law, as has been consistent through every courtroom, and is a clear conspiracy to deny. But as the constitution demands. 155 S.W. 2d 550. You owe me a life and a future that is NOT threatened by university failure, or diseased WITH EXTINCTION from their failures; for this entire world. That is living under threat of violence/ and it is at your hand, THE ABUSE of every taxpayer: by using my own money given to you as tax; against me, my world, and everything valued as life. That is illegal, it is extortion. Whether "you believe, they know that a fire so hot it burns our skin from 91 million miles away: WILL EXTINGUISH ITSELF". Is utterly worthless to me. PROVE WHAT HAPPENS WHEN THEY ARE WRONG; prove they cannot be wrong.. THAT IS YOUR LEGAL RECOURSE, because YOU, and your methods and ways: Have established the beginning of this trial. By creating such extreme gambling that everything I value, everything on earth: is in danger of extermination. 357 U.S. 449, 460. You may believe whatever you wish, its your life and your eternity/ but you may not gamble and risk my life or my world or our everything; on your religion "university knows". Its called a theory, because they don't know. They could not be more wrong.

The legal rights guaranteed to each and every citizen of this state and nation ARE DUE. 42 So 2d 445, 446. THAT INCLUDES, the legal law called REDRESS OF GRIEVANCE. Which is fundamentally: Accountability to the people/ the investigation of our reality, and what our employees have or have not done according to their oath. AS WE ARE THE OWNERS HERE, that is absolutely our right! It is our law. We own it. 42 U.S.C 1981 "to affirmatively protect the constitutional rights of citizens."

Constructing the basis of trial 294 F. 2d 150. There is a legal right, and a legal defense: for denial of tax payment associated with the employee failure of all guaranteed rights established: 31 S.E. 2d 906, 907. For me, and demanded of you by constitutional law, TO EACH AND EVERY CITIZEN. That FAILURE to deliver; 179 S.E. 2d 138, 141. is prejudicial and a breach of contract, by you 56 A. 498, 500. Within the continuing precepts of constitutional law: 682 F. 2d 883, 885. The following is presented. 249 F. 285, 286.

3) As a breach of contract; 682 F. 2d 883, 885. Fraud 255 N.Y.S. 2d 608, 610.
Governing the development of a FAIR, JUST, EQUITABLE, HONEST, AND

RESPECTFUL society is the purpose of democracy itself. That democracy has failed in absolute and real terms within the state of IL. 149 A. 761. The elemental evidence of severe debts incurred IS: proof of FRAUD! Threats discarded, that can make us extinct: evidence of felony negligence. 34 A. 2d 523. We are attacked, at every level and possibility of society! The consequence being, that WE THE PEOPLE DO, need to be involved in our ownership of this state; THROUGH REDRESS OF GRIEVANCES. As established by the fourteenth US constitutional amendment. Redress is, The law which gives power to the people themselves over their employees. 1 Ark 325, 333. The elemental right: demanding accountability from our employees is that fundamental of law which asserts equal protection; you are not our rulers. To refuse is obstruction of justice 214 S.W. 788 We can enforce limits and boundaries on our employees. An oath of office is a boundary which must not be crossed/ in accordance with the purpose, stated desire, and performance of your job. 190 P 2d 665, 669. The failure to adequately do your job/ IS CAUSE for the deliberate call for redress of grievances. Because when our employees have failed, as is absolute and obvious today; the foundation of our lives is in jeopardy. 148 S.W. 290, 291. NONE have the right, to do that thing called treason: to rule/ to steal/ to enslave/ to lie/ to cheat/ to destroy/ to terrorize/ to manipulate/ to control/ to imprison/ to disrespect and prejudice the future by choosing only “yourselves”. 339 F. Supp. 506, 511. NOR can you sell or trade our lives for the religious cult, or more correctly occult as is “university knows” 300 U.S. 227, 240-41. Our lives and our world, are worth more than your theories or delusions. 33 A. 1, 2. Our future SHALL NOT be governed by your fantasies or expectations for our slavery: we cannot pay. 24 So 2d 623, 626.

Which means: as our employees, YOU HAD NO RIGHT to engage in fraud and deceit, or traitorous conduct. These are prison able offenses. You had no constitutional authority to choose a small percentage of the population for lavish and endless “rewards” as has been received by university. Destroying our foundation as is money and the securities expected from our own work, and realities. That means YOU STOLE our lives/ by removing our future, FOR YOUR OWN BENEFIT. Your expectation is a lie. Your right to proclaim it as a state debt is absolutely cheating us: because we are NOT included in your plans for “a damn easy life at our expense”. Your occult the university religion knows it all: has now pasted the point of terrorism, and seeks to destroy the entire planet and its nature. A known fact as is consistent with the extreme threats listed below. Media as is our need to be informed/ has been controlled by a tiny few, with your aid, and not your protection or defense of our lives; not a moment, not a word has been raised in our defense. We must have the truth, when that truth is hidden away from us all instead: that is propagating control over the people instead of defending them. We are the most imprisoned people in the civilized world: which means “the righteous” are in control; as they believe themselves superior; and all others should just be locked up. That is the religious in charge. *Religion is: “I have a book, or I have rules, therefore I know everything; and unless you believe exactly as I do/ you are as little or nothing”*. NOT legal in this state or nation: we are equals/ we are free. That means: NOT to be played with as if a toy. Every child is endangered from the threats listed, as well as every life on the planet because of, or without the protection of your religious cult called “university knows”. The people you have given all our money too: hell yes, GO AHEAD AND MAKE THEM SLAVES. That is absolute disrespect for democracy and our lives. I demand to be treated as the constitution guarantees. That includes FREEDOM. That includes RESPECT. That includes EQUAL AND FAIR

TREATMENT. That includes a future, that is not destroyed, or a foundation of work as is money that is not so damn corrupted from the collusion and conspiracy to make us all your slaves: that civil war is immanent and deserved.

Demonstrated by these charges: are the following developments that construct not only failure and arrogance beyond all considerations of insanity. But do construct the foundations as are EXTREME THREATS: directly the result of the occult called university/ that define, what is called “satan”/ **the deliberate, preconceived, and intentional actions taken by humanity to destroy both life and world.** With government assistance and protections. **IN DIRECT DEFIANCE OF EVERYTHING this democracy stands for.** Why, would I pay you for this! Obey the laws, DO YOUR JOB, protect and defend our lives; or you are left with the criminal conspiracies that have brought us to this your decision to violate our lives, our state, and destroy our world. That is not government, that is both terrorism & treason, at best!

The **fundamental threats for IL** include additionally: [79 N.E. 2d 17]
This state with a stated population of 12.8 million is said to owe \$544 billion dollars. [195 N.E. 2d 877, 882] This state with a population of 41% either under the age of 20, or over the age of 64 represents then roughly 7,552,000 workers/ minus the prison population 49,000; and those to sick to work. No figure given. 7.552 million potential workers. Unemployment is 9.5 percent= 6,785,560 workers to share the debt load of 544 billion dollars= \$80,170.24 per each one. Strictly for “state government expenses”. 24 So. 847, 848. We add to that the pension costs currently \$119.5 billion unpaid divided by 6,785,560 workers= \$17,610.92 per each worker. 432 P 2d 386, 390. **Bringing our grand total 18 N.W. 2d 905, 908. for this current “reported moment to= \$97,781.16 per each worker. [407 F. Supp 164, 183.] Just for the state of IL/ which does NOT include some local pensions, healthcare, or bonds, etc; issued for any fantasy offered BY LOCAL government 96 N.E. 2d 446, 448. Or the intrusion of future pension costs exceeding \$640 billion more. [26 A. 2d 770, 773.]** Which demands the critical development: because this is self-serving/ as opposed to serving the public. 202 N.W. 144, 148. The reality of a pension cannot be guaranteed. Because this is a debt created by the employees for themselves, without sufficient controls in place to demand: the same restrictions upon public employees as there is upon the private employee. **WHICH IS, IF YOU BANKRUPT THE COMPANY/ then you get nothing. It’s the price, of failure!** You stole more than this state could pay/ saying pay us anyway. You refused to fund your own retirement plans as is consistent with all other private pension plans. You DID NOT set money aside, for that funding, even though it is under your control. You did not consider the welfare or well-being of the public at large: only yourselves. Demanding we must be slaves to you/ OR we must give to you everything you demand: as is consistent with extortion. 172 P 23, 24. That is against the law 392 U.S. 409, 437-44 Consequently you are now equal to us, there is no difference. What social security can provide is dependent upon what we decide is fair, “to each one the same”. No exceptions/ same for federal employees. You didn’t share, you didn’t care, you didn’t take responsibility, or accept your duty, or conceive of truth. Despising reality

instead.

On top of what the federal government produced as bankruptcy/ and the social security spent without funding as mere debts. 197 U.S. 207, 215. Because the federal government employees simply robbed them of all income for social security (didn't put a dime in the fund: just IOU'S). 42 U.S.C. 1983. THEY KEPT the money, and increased the tax; which then remained hidden. 53 So 2d 533, 536. Nor does it include all the debts we owe ourselves, nor business/ agriculture/ etc. **You have prepared CIVIL WAR/ by the demand for slaves.** 90 N.Y.S. 589, 590. Not your job. I have demanded "legal civil war"; as a right established by constitutional government which does consist of democracy and its intent as is the preamble of the US constitution. Or more simply: this is the demand to return to democracy 229 A. 2d 388, 394. / rather than rulers, who have captured and now control our government. 314 P. 2d 625, 631 Your continued failure, "is ammunition" to all those over the years/ and over several states; who have said: they ain't never going to obey the law. **This nation has bought guns: [179 S.E. 2d 138, 141.] IT IS, "a clear warning to you"/** because a large percentage absolutely does not believe in "government employees or the court". As you have continued to prove, a legitimate reality; NOT fair or equal. 570 P. 2d 1156, 1159. Or more clearly, NO justice here. Consequently it is true: that I work for you, as well as all those you have so tragically impacted with your failure and fantasies that they believe civil war will come. I never met anyone who desired it; 116 N.E. 797 and I have no names for you (I don't collect names, & I quit pushing people hard, years ago; they just ran away, "you can't do nothing"): none were criminals. But they all see your failures. **This then:** is the clear demand, "we MUST work this out together as democracy rules"/ because anything less will be horrible. This is a reminder, that no matter how much "the university diploma wants" to keep everything you stole/ IT AIN'T going to happen. 479 F. Supp. 792, 798. There will be consequences. This is a reality of what our federal employees have done as well: creating a [national debt](#) [22 A 2d 28, 29] over \$125 trillion dollars/ and a social security debt of roughly \$70 trillion more dollars; and state debt. 430 U.S. 462, 476. **Equaling roughly \$200 trillion dollars FOR THE NATION. 38 F. 2d 515, 517** Which is equal to 200,000,000,000,000.00 divided by 7 billion people across this world 18 U.S.C. 4 = **bringing our grand total of debt: to \$28,571.42 per person in the world at 7 billion.** 405 S.W. 2d 457. **OF AMERICAN DOLLARS, in use: 15 U.S.C. 77. somebody expects to cash them in/ is that not so! Do you not? There are even more american dollars in play when you look at what is called an asset. 249 C. A. 2d 81. "its your own federal reserve". Not their fault: look to who wrote the check, and demanded the money!** The invasion has already begun, and unless we literally stop the counterfeit money 209 P. 2d 457, 460. from stealing all our lives (by taking property, resources, assets, titles, control of this state, this nation, the courtroom, etc)/ **WE WILL ALL** be just like Palestine; thrown out of our own nation. **This ain't no game. The realities involved are substantial/ the consequence are real/ and severe. 48 U.S. 1, 42**

CHOOSE THE LAW. How is that not your answer? Let the constitution rule; that is your oath! Obey the law, so we can return to peace, and a future: without these threats. Let reality rule, LET TRUTH DECIDE, what is fair, equitable, justice; and literally the best we can do. Doesn't make anyone happy/ but it does stop WAR. **470 P 2d 748, 753.**

http://illinoispolicy.org/uploads/files/Pension_debt_more_than_doubles.pdf

More to retirement debt than just state pensions

State and local taxpayers are on the hook for far more than the pension debt owed by the state's five pension funds. The state also owes **\$54 billion in unfunded retiree health benefits** and another **\$15 billion the state borrowed** to make its annual pension payments and shore up investment losses.

Taxpayers are also on the hook for **at least \$50.9 billion in local retirement debt**. Like the state's pension plans, **local pension funds will see their unfunded liabilities skyrocket** under the new reporting rules. Under the new GASB rules, for example, the pension fund for **Chicago Teachers would see its pension debt grow to \$20 billion, nearly four times** the \$5.4 billion it officially reports. Pension payouts The state's five pension funds officially report \$146 billion in accrued liabilities for earned benefits. But \$146 billion is not the amount of money that the state will actually pay out for those benefits. Instead, **\$146 billion is the money that the state should have in the bank today** to earn enough investment income to pay out earned benefits.

The amount of money the state will actually spend on pensions is far greater. Altogether, **the state will pay more than \$632 billion for pension benefits between now and 2045.2**

WE ADD AS WELL:

The absolute prejudice of "university first" in any and all considerations. A prime example being the observation box on top of the university of IL football stadium at a cost of 126 million dollars. Plus costs for maintenance etc. So the special people could watch an afternoon of football, for 6 afternoons a year. Just the tip of the iceberg. The part that sinks ships.

The IL supreme court refuses to accept their duties according to due process of law. As in IL appellate court [Case 4-12-0429]

Having been presented with THE CLEAR AND CERTAIN NEED FOR JUSTICE, FOR REDRESS, FOR CONSTITUTIONAL GUARANTEES, and the need to protect, defend, and honor our democracy as a state: THEREFORE help me make the individual employees in the US supreme court, etc: OBEY THE LAW. 151 P. 228, 230.

They turn to the intended escape of a court rule

I refuse the extortion. An excerpt below

6) NO RULE OF THE COURT, supercedes constitutional law. The use of a rule to defy democracy is treason.

THE APPEAL OF JUSTICE/ THE REALITY OF CONSTITUTIONAL LAW/ the demand for fair play/ constitutional precepts employed/ federal laws exhibited/ the critical need for US first amendment rights; & IL fifth amendment redress of grievances/ the foundations presented that demand an investigation into conspiracy within the courtrooms both state and nation/ and a jury tainted:

7) IS NOT DEMOCRACY AS INTENDED! A duty to intervene, and demand redress/

demand a legal tax revolt/ demand the constitution SHALL RULE, us all.

SECTION 1. INHERENT AND INALIENABLE RIGHTS

All men are by nature free and independent and have certain inherent and inalienable rights among which are life, liberty and the pursuit of happiness. To secure these rights and the protection of property, governments are instituted among men, deriving their just powers from the consent of the governed.

by the judge [giving the jury direction, in Champaign county court 11TR22442] to believe contrary to its legal purpose which is to choose what is "the society we demand": to believe it could only choose if a rule broken, that WAS OBEYED, WITHIN 95% compliance OF THE RULE, by me. Is justified by the fine applied/ the judges threat of an additional \$1,000.00. And his demand: you shall not even mention the word redress (a foundation law of both state and national constitutions, OR I will hold you in contempt.

That case is denied today, by supreme court rule 326 "dismisses the appeal for failure to comply with this court's rule."

Even though I had delivered the transcript of the case, as given to me by the court's stenographer, in pdf, on a disk clearly marked and established in the filings. After paying \$450.00 or thereabouts for that transcript/ the circuit court wanted an additional \$180.00 "to push a button" and deliver the record on the internet. Even though I had already paid for this transcript.

I declared that the IL constitution must rule:

SECTION 12. RIGHT TO REMEDY AND JUSTICE

Every person shall find a certain remedy in the laws for all injuries and wrongs which he receives to his person, privacy, property or reputation. He shall obtain justice by law, freely, completely, and promptly.

They refuse.

I declare today, that the constitution must rule to you: demanding,

SECTION 2. DUE PROCESS AND EQUAL PROTECTION

No person shall be deprived of life, liberty or property without due process of law nor be denied the equal protection of the laws.

(Source: Illinois Constitution.)

And I command, AS A CITIZEN REPRESENTING US ALL, in our need to be defended, protected, and returned to the democracy we intended. **That the purposes of our contract in democracy as is, we the people RULE OURSELVES, by the law we create for that very purpose. In this state and nation SHALL in fact be carried out as intended by this people.** IS THAT NOT, WHAT THE CONSTITUTION IS FOR! What other purpose does this

preamble have/ if not to identify our intent, and establish that as fact, before our employees.

The clear democratic solution for a "governing assembly of people" who have not done what they were hired to do: is then to replace them, with the laws and methods that we ourselves decide upon by vote. Not a vote for someone to vote for me/ but a clear informed, and deliberate vote identifying the traits, the rights, the freedoms, and the foundations of law, that will govern us all. Making each one, then competent: to understand and enforce that law.

Constitution of the State of Illinois Adopted at special election on December 15, 1970

PREAMBLE

We, the People of the State of Illinois - grateful to Almighty God for the civil, political and religious liberty which He has permitted us to enjoy and seeking His blessing upon our endeavors - in order to provide for the health, safety and welfare of the people; maintain a representative and orderly government; eliminate poverty and inequality; assure legal, social and economic justice; provide opportunity for the fullest development of the individual; insure domestic tranquility; provide for the common defense; and secure the blessings of freedom and liberty to ourselves and our posterity - do ordain and establish this Constitution for the State of Illinois.

(Source: Illinois Constitution.)

This appellate court has denied constitutional law, established, and declared for me; "**He shall obtain justice by law, freely, completely, and promptly.**" section 12.

The appellate court has denied constitutional law as established and declared for me
"SECTION 2. DUE PROCESS AND EQUAL PROTECTION

No person shall be deprived of life, liberty or property without due process of law nor be denied the equal protection of the laws.

(Source: Illinois Constitution.)

They state by dismissal: rule 326 is greater than due process/ is greater than the IL constitution or this democracy. It is not.

This appellate court has denied constitutional law, established, and declared for me;
"certain inherent and inalienable rights among which are life, liberty and the pursuit of happiness." My right to constitutional guarantees shall been stripped from me, by a supreme court rule demanding money or no justice: that is extortion. Penal code 223.4 SEE 148A 2d 848, 850. As proven true/ pay them, an extreme cost "for electronically delivering the transcript" or due process will fail.

To secure these rights and the protection of property, governments are instituted among men, deriving their just powers from the consent of the governed. *It is without doubt, that the "governed/ we the people" DID NOT allow or consent to "justice and fair play/ constitutional intent for our well-being" should be destroyed by a supreme*

court rule. That is then treason. Because it is more serious than theft/ this is our home, this is our property, this is our lives, our future, and the children: destroyed by a rule of the court which was never intended for justice/ but exists only for the purpose of obtaining money. That is a traitorous alteration to section 12 IL constitution. That is fundamentally done without the consent of the people themselves or the constitution: which means you have destroyed the law in so doing, with your rule. Becoming rulers thereby instead of employees with a job to do. That is rebellion, against this people.

The appellate court seeks to hide the conspiracy within the courtroom to deny constitutional redress of grievances both state and nation as presented by the evidence and through the evidence of nearly every court case presented by James F. Osterbur. That is traitorous, because it contends that our democracy is inferior to your superiority over the law. That is not, the substantive acceptance of your sworn oath. There is no merit in destroying constitutional law/ participating in extortion/ or destroying due process just to make money: these things exist as **anarchy** against we the people, established and defined. That is a criminal act, and if proven supported by the judicial organization that exists/ then it is a **criminal conspiracy against our state or nation.**

In addition to this under the designs and guarantees of IL constitutional law/ the foundation of law that is the US constitution amendment 4; **"The right to be secure....against unreasonable searches and seizures...."** And section 1 of the IL constitution; **"... To secure these rights**

and the protection of property, governments are instituted

among men," Not only is our democracy attacked/ our people bankrupted by the employees hired to govern us: such things as the football stadium box, at a cost of 121 million dollars; in Urbana IL; does prove an extreme arrogance and disregard for we the people. In US tax court case 11108-12L amendment 7 the demand for a jury trial by me the petitioner is returned as "improper" in the court. Even though it is constitutional law. 399 U.S. 66 That is treason, an outright and deliberate rebellion. In the issue of tax; this case, its defendant the IRS refuses to identify or acknowledge money they owe me. Denying justice to me/ for the clear purpose of inflicting as much damage on me as possible. Declaring frivolous the declaration of threats that can exterminate us all/ the refusal to obey constitutional law or fulfill the contract that is our constitution: OR DO YOU R JOB, "before you are paid". **Which is a demand for redress according to the US first amendment/ and its additional demands within the 5th constitutional amendment of IL.** And much more, as court cases will prove.

A judiciary organized against we the people/ a government that refuses to obey the contractual demands, provide the guarantees, and protect the citizen with justice or fair play.

Established in this appeal as well is the fact that WE THE PEOPLE demand: FAIR PLAY in all financial penalties: not the same price for rich or poor/ but a percentage of your income or property holdings if required to be fair. INSTEAD OF SLAVERY FOR THE POOR, and nothing but an irritation to the rich. 351 U.S. 12, 19. Added is the fact, WE are the most incarcerated people in the civilized world: 62 F. Supp. 968, 970. NO human rights here, as is plainly proven in that statement; just treason.

ALL OF THESE THINGS AND MORE, are thrown from the court by these appellate judges John W. Turner Robert J. Steigmann Thomas R. Appleton. 33 A. 1, 2

We then turn, to the IL supreme court
Demanding: as did the judge order in trial 2011 tr 022442 Champaign county/ and the states attorney prosecuted me, based upon one simple fact: 95% compliance with a traffic stop, without threat to any, as proven in court by default: with a rule is NOT enough. "YOU, must be perfect". So says the judge, and the states' attorney. 159 F. 2d 642, 643.

Which then turns to the IL constitution and its written guarantees to each and every citizen of which I am one: and demands the very same of you. The law must be obeyed as written, or a criminal action has occurred, and a fine or imprisonment is owed to the people from the court, its legislatures, or its governor. Is that not justice by equality, and the rule of law you imposed? Answer the question. 8 P 2d 925, 930.

They refuse to acknowledge or docket the case/ sending back corruption instead.

theories are not facts!

104 N.W. 2d 379, 382.

From me in opposition: 602 S.W. 2d 241, 246. *So we begin again on the theory of gravity that the sun is extremely massive, and thereby the anchor itself, in solar construction; as mass. Thermal dynamics, or Thermal expansion means that the fire seen on the sun has grown apart from its source fuel/ because it must, or be turned back upon itself. Consequently the fire by expansion lifts from the surface of its fuel. As is plainly seen with a candle. The sun is not, "the functional reality of its flames. Instead clearly we know by thermal dynamics; that the energy has expanded enough to allow room for itself on top of the flame. Heat expansion requires it/ the greater the heat, the more room required. Because this is a sphere, we know that the expansion is even greater than what would normally be seen here on earth, because there is no place else for that expansion to go, other than out. Like a flame on top of a candle/ the heat expansion rises above its fuel source, by a substantial amount even at a temperature change of roughly 500 degrees F. Your scientists proclaim that the aurora, outer edges of the sun's flame are millions of miles long and millions of degrees F hot. That means, the actual mass at the center of the sun CANNOT be anywhere near the mass they believe it is/ because thermal expansion will not allow it. It is a law of the physical universe.*

*Lesson five: your scientists theorize that the mass of the sun, is extremely hot at its core. They base their entire conclusion about gravity on this illusion. However the facts cannot support that theory, in any shape or form. **If the core was on fire, then the entire mass is being consumed, all at the same time.** IF THE ENTIRE MASS is being consumed at the same time/ as is a house on fire, all at the same time: it will be reduced to ashes quickly/ and will not be sustainable for long periods of time. We know the sun is relatively speaking: about as hot as it was several thousand years ago, by written human history; therefore we know that the relationship between a sustainable fire, and a fire that is literally out of control is determined by how much fuel is being burned/ at once. To retain its fire at a constant level, for these thousands of years: it cannot be consuming all its fuel at once. Rather that fuel is suctioned up, in the flames above.*

Lesson six: in the reality of a supernova, as your scientists state, “they know”. The first part of that reality in time and space is: for the flames of a sun to grow in size and heat. Therefore we know, that MORE FUEL is being burned. Simple as that, no other physical force can cause this effect/ therefore proven true. For more fuel to be burned, there must be fuel available that has not been involved in the flames before. That means the core cannot be burning as your scientists say/ unless they can prove as they suggest: the heavier materials are last to be burned at the center core. Which would mean: somehow the lighter/ less dense materials such as hydrogen would be burned first. That is contrary, and in open denial of gravitational pull/ and thereby unproven or dis-proven by their own theory. Because heavier materials sink to the bottom/ center first; is that not so. Consequently for a sun to burn as they say: it must consume the heavier materials first/ because that is what is available at the core. Leaving only less energetic materials/ with less gravitational pull for last. So they have defeated their own theory. Even so, the composite description demands a major explosion at the end of this cycle: without “dense explosive materials” how is that possible? Again proven wrong. When only the lighter materials are left, it is simply a flame dying out, smothering itself so to speak/ and the mass that is left; turns cold.

Lesson seven: your scientists declare, “that the sun is made out of hydrogen/ a gas”; because that is what their spectra-graph shows (lines that show a chemical signature, in a machine dividing the physical view of light). There is no doubt as to the fact that the most common “release of ash” so to speak, during a fusion fire is the least massive or most simple combination possible in atomic environments. Because everything else has burned away. Not a lot of pollutants coming off the sun from that fire/ which means nothing escapes, but the simplest elements, most of which can be reformed as they escape. The simplest elements possible to reform; are hydrogen first, and some potential helium. Or more simply the sun is NOT made of hydrogen/ the hydrogen seen is simply the result of the fusion process, the reassembly of what is left: its “smoke” if you will/ which turns out to be hydrogen.

So then lets review: your university diplomas/ with your political leaders providing your money: are gambling this entire planet and all life on earth/ BASED UPON the simple theory, “there is not enough gravity here on earth;” to allow fusion fire to continue burning. They consider it to be, an explosion that simply continues on as fire/ rather than an actual explosion that expands so rapidly it cannot be contained as fire. Which means to them that such an extreme gravity exists, a pressure so immense that it melts the core; which holds the fire to the sun.

The critical review of fire however, even here on earth where we know the difference between a molecular fire, as is common fire/ and a molecular explosion as is seen in such things as TNT, are not the same. There is a difference between an explosion, and a fire/ the energy release is entirely different. Which means the situational realities are also completely different. They assume that a thermo-nuclear bomb is fusion released; because of the energy/ rather than a fission bomb as is considered to be the first atomic bombs used. However, where is their proof?

Are you willing to be WRONG?** There is no going back, these are life or death trials for our entire world. 180 So 717, 718; 126 P 2d 496, 408. How much more information do you really need?

4. Scientists said: **"lets play with the single most destructive event in the history of this universe".** 211 N.W. 346, 349. They have currently created a **5 trillion watt explosion** at CERN: the instantaneous release of 3.2 billion btu's of energy or 67 billion units of horsepower. FROM ME IN OPPOSITION: Their reality at CERN: is an environment of extreme atomic de-stabilization/ coupled to an electron mass so extensive: that it can allow a completely different state of energy suspended outside of time. That electrons WILL retain its connection here. Or more simply: even just one impact that escapes the consequences of time in this experiment, can multiply and influence changes in every other proton that is going through that energy, causing it to grow. The stage is then set with a cloud of electrons set apart from the nucleus of atomic structure/ considerable lost, to the surrounding environment; but what remains is "determined". Three things happen when "a train wreck of protons" above the energy levels called time are caused to exist. 1. The orbital reality of electrons is moved to chaos, but still connected. 2. The critical structure of a proton/ neutron relationship is changed to become aggravated: relieved of disciplines called time. 3. A separated environment establishes its own rules and laws.

The answer is: that a big bang did not happen without structural disintegration. That means: SOMETHING "sliced and diced" the mass to be blown apart prior to the big event so that everything could go at once. That means in real terms "a proton" so energized no physical resistance could oppose that force, existed against it. But tied by "electrons", this force moved back and forth through the mass at tremendous speed. Thereby destroying atomic order (time itself), a little with every pass. *THIS is what they do!*

Separated from extreme threats listed above: but still able to damage or destroy us all. REFUSED TO INFORM "the people, and let them decide", 94 N.W. 2d 810, 811. by leadership, courts, and media. **DESERTION 76 S.E. 2d 533, 535.**

1. We burn more oxygen with fire, than this earth can produce/ you also cut down, mutilate, or destroy the very organisms that produce the oxygen we need. [Biosphere 2](#) project clearly defined the amount of oxygen being produced. "The average person uses about 3,000 liters of air to breathe a day; a small car, driving one hour, over average distances: use thirty times that much. A large truck over one hundred times more." Think about it: using more oxygen just for fire than the planet makes/ WHAT happens next? The answer is, the OZONE layer is the storage container for thousands of years of excess oxygen generation: **when its gone**, "its just the atmosphere", and what this earth can make. Answer the question; are you going to survive?

2. **Antibiotics are failing/** which means the factory farm is nearly extinct: a single pandemic then destroys the entire herd; across this world (taking your food with it). **Close confinement DOES NOT work without antibiotics in feed.** We cannot wait to rebuild, ANY livestock herd or flock/ and probably can't. Too many mouths to feed. We have NO OTHER means or substantial methods left: to raise or keep these animals currently; therefore it will be cannibalism. Antibiotics are what make most of your healthcare possible; surgery without is worthless for most/ the disease will get you. "All gone, for a few pennies, and a little ease". Pharmaceuticals of all kinds; sucked in by the handfuls; ARE without doubt causing the increases in autism, asthma, and more; chemicals of all kinds, ADD IN. Mutilated foods are a clear concern in allergies/ and **the livestock which eats that mutilated crop, can easily become allergic to it;** which means they then all die, and cannot be returned. Your "experts" are a tiny handful of people guessing: and being paid well, to guess as they are told/ or as their religious university cult demands, "believe in us"! Consider all your "pharmaceutical, bad drug: lawsuits".

3. **Only one inch of rain reaches or replenishes an aquifer/ per fifty inches of rainfall.** Ethanol is added to fifteen percent of all gasoline used in the USA/ times at least three gallons of water to make it/ times (guessing another two for irrigation, etc). The Ogahalla aquifer stretching across several states is known to be nearly dry: **"the dust bowl returns"** with no end in sight. You lose "a billion bushels, and more". Trillions of gallons of water have been pumped into gas fields/ oil fields/ coal mining/ used in chemicals/ made toxic by chemicals/ contaminated from radiation or garbage/ removed from saturation into the aquifer by tiling; and a whole lot more.

Go find out: what are you going to drink. Test your wells, particularly where ethanol is made: **when will it go dry? The aquifer collapse. Understand this is no game/ it makes war.** The reality of opening pressures beneath an aquifer: sure as hell ain't worth no damn job. It takes only one earthquake (*or other possibilities*), to change what is contained gas, from under a water source: to become a released gas: we cannot drink it! Just like the Japanese: "our generators are great/ nothing bad can happen"; you are now very vulnerable. **As tsunami's prove.** But then the people who say it, do commonly leave/ or take the money and run away, when things go bad. No water means no life.

4. There are experiments in nano technology, small enough particles to invade cellular structure and clog immunology, function, foundations of life and life processes as well as other cellular activities Self replicating means: potentially complete overtaking of the biological system/ even every biological creature or plant on earth. Can't get rid of it/ can't stop it: pandemic IS a true

possibility. **Your media presents only propaganda, “it will be great”.**

5. The advances to artificial intelligence are an easily detectable threat. It will be horrible because it can be horrible/ not because it has to be? Machines to kill you, controlled by a tiny few: is the essence of insanity itself: **we are trapped**, they just won't die. **Your media presents only propaganda, “it will be great”.** With GPS, we will find you “anywhere”/ preparations are already underway. But not to worry, “you have guns”/ isn't that so? So when the leaders order: go get their guns: “its your job” (call for backup)/ and the people refuse, we won't let you take everything away (call for backup); the ensuing massacre heard around the world. **Is a bloodshed event, that will be HORRIFIC, after all, you got guns.** The reality in advance: With bribes being paid by counterfeit money: the result of which is, that all the property in this nation is being sold to a tiny few, including foreign nations. *“Like Palestine” YOU TOO, are about to wake up without a nation to live in. “Its all gone”.* **Your media says nothing.** And your counterfeit money taken in place of titles and property, will dissolve into nothing, “overnight”. None will save you, “its their law”; so guns are all that is left.

Can't happen here, it already has. Search REIT's and find out who owns your nation/ find out who owns the property, and how they bought it with counterfeit inflated dollars, that you have nothing to do with. They don't share the numbers, “do they”? Hell no. But last year the federal government borrowed 1.5 trillion dollars or so/ that equals \$15,000.00 per one in three citizens of new debt. **Your media says nothing.** That does not include **the inflation directly responsible** for controlling the GDP numbers, from manufacturing and all forms of actual business. By changing roughly 5 trillion dollars of actual work and products. Into 14 trillion dollars, “courtesy of wall street, and your big bankers”. **If it didn't come from business/ THEN it is “imaginary money, and a promise to pay/ what cannot be paid”.** Because one trillion dollars is equal to \$10,000.00 per each and every one of 100 million people. That is the math. [This is your debt.](#) Federal reserve table L.5. But it does not include \$70 trillion or so in social security, nor state debts; and without doubt bonds hidden; etc. If you look at the table, you will find gold: divide the gold by the price per ounce today/ and it is NOT “Fort Knox full”. Just a semi load, or so, for the entire nation. “Reagan” sold it all/ and **the media didn't say a word.** Clinton hid social security debt, by separating it from the federal tables, saying “it's the people's debt to themselves/ not the governments responsibility”. **BUT THEY KEPT THE MONEY,** and didn't fund anything, **claiming in that lie:** “We balanced the budget, and owe nothing”. And **your media said nothing.** The people then all said: “Oh boy, MORE bribes”, don't look no farther: **LET GREED CONTROL. STILL think it can't happen here? Dumbass.**

6. The introduction of mutilations such as Bt corn (kill any insect that bites, sicken many insects in contact with the pollen/ and the pesticides based upon that same chemical reaction/ or other types of killing. DOES sicken the entire living world that lives on insects, or lives on the results of insects. Killing the insect world, IS transforming the rest, **destroying “the bottom, as we know it” of the food chain on up.** IT IS **destroying a vital link in the chain of life** on earth. Cities and yards the same.

The determined end of habitat for all but what men want, **IS the extinction of species,** by removal of diversity/ poisoning everything in sight, water, and everything else. **Devastating OUR POLLINATORS, the creatures who ARE RESPONSIBLE FOR; an entire base food**

source to this world. The entire system of pollination, from all its creatures, to all its seeds (sterilized or mutated), to all its life is being decimated. We are about to enter and live within and forever changed as, "a true silent spring". Where fruits and vegetables no longer exist/ where much of life itself is now extinct. You cannot take the food, the homes, sicken, alter or injure reproduction, breaking apart the chains of life and more: **without extinction. As is so evident today, and will accelerate.** The only thing left: swarms of insects dedicated to the plants men do want: MORE poison.

7. Fail to feed fish populations that you have so badly decimated, and they cannot return/ therefore you starve; and WAR. Global warming exists as is proven by the loss of ice cover in the ocean in 2011-12 in **a size more than the United States of America.** **Much of the initiating ocean food chain begins on the bottom of those ice flows.** Therefore not only is the ice gone/ but so is the food/ and so is the relief from human trawlers (can't get me here) dedicated to "taking them all". Just so you know; the only thing we have to spare to feed the ocean is: dead human bodies. The ocean feeds over a billion people/ you already have a billion hungry/ and another billion coming before 2020.

8. "It's a choice"/ or more clearly its your choice: to fight for this world or just surrender as cowards! Think for yourself. The media and its constant propaganda "the university knows"; regardless of how little you are told about anything important or real. Is subjected to the term: brainwashing from the cult of their religion "university cannot be wrong": we are believers. The tragedy of belief is: you can believe anything you want/ it is absolutely irrelevant. But only truth determines if it is real. Truth is NOT a game or a theory, or a delusion by its fantasy. Truth is not "this makes me money: so shut the hell up". Truth is reality proven, by consistency; or proven by the fundamental: even without true knowledge established by life itself/ I believe love can do this. Love is a truth. **The elemental threat is: that you have been led,** (you are told what to think/ rather than understanding or investigating for yourselves) **and we do stand at the edge of extermination from this planet.** Because your leaders "believe" in university knows. The evidence proves them entirely wrong, in terms of: LIFE, and our DEMOCRACY in every decision, **MUST COME FIRST!**

9. Evolution is their excuse, it will fix anything they destroy/ so they say: "a pure fool's dream and fantasy". They do expect: Something new will come out of your chaos, their intentional destruction of life on earth, (*we CAN MUTILATE LIFE, because evolution will fix it*) "in a million years or so". You want to wait a million years? They have proven nothing, but adaption: **the sign of perfect design, and clear thought: "I knew, this would be needed"**. Evolution is the basis of genetic mutilation: "We can do anything we want"/ without responsibility, TO LIFE! IT IS "A PURE (what could be worse; but do remember above) THREAT OF EXTINCTION".

10. Of the various things available for us to see the past/ one of the most clear is: that to have created the vast amount of coal, oil, and gas underground/ major caches of organic debris had to be accumulated. Then some buried thousands of feet down. **The ONLY KNOWN mechanism to do this is: There had to be a world wide flood/ nothing else could bury this amount of debris, all buried at one time, in the same places, on top of each other; so as to produce these**

quantities. Of relatively pure life decayed, into coal, oil, and gas. The same religion that establishes this flood declares, "the next time" by fire. So enters; fire as on the sun! A religious prophecy or not: we do stare at "it is coming true"! "Lake of fire, and so on".

11. **THERE IS NO WORK/ NO LIFE, WITHOUT RESOURCES.** How long before you have nothing left? How long, before a critical part, a critical material or element, disappears forever? The future assassinated, along with every child! The business media brags: **"in the last ten years" we have produced and sold, more than the entire history of humanity put together.** How long, before it is all gone, with 7,000,000,000 people demanding, wanting, and needing every single day "for a hundred years or whatever it is they live before they die"? How many does a desert keep alive? Your life too.

12. More simply, **when the ice melts, you cannot "make cold" anymore.** The heat required to melt this amount of ice: ***will NOT have anything to stop it soon.*** As simple as "your glass of water cannot be cooled without ice". This world will increase in temperature by ten degrees a year; soon! **Because it is a "multiplying cycle"/ the more it accelerates, the more it accelerates.** Great amounts of ice have melted, some say enough for a 20 inch rise in sea level around this earth. **THAT IS, ALL THE PROOF REQUIRED: TO PROVE GLOBAL WARMING IS REAL!** That means you have ***moved "this much weight"*** from its location on one tectonic plate/ to another tectonic plate shifting the balance and disrupting the stability of these earth structures. You do this with mining too. Creating tsunami's, earthquakes to come, etc. The major impact on global warming is not only **burning fossil fuels/ but air conditioning:** heat to generate electricity/ more heat to remove the heat. *Blaming greenhouse gases is just an excuse to remove responsibility: "It's the planets fault". Dumbass.*

13. The current situation in USA with weather: is likely to remain abnormally hot and dry: on average/ because ground temperature can prove there is no great deviation from hot to cold across the nation. **That temperature difference creates the weather and its rain.** Just because it is hot or cold in your area of the world, has nothing to do with the reality of an entire world. Our weather will change, is changing, entirely because of human impacts. We are "Tearing our only house down". Shifting weather patterns/ changing food production or water resources: causes massive "human movement". The world is full/ which means war will come.

14. **We cannot be wrong** about energy experiments. **We cannot be wrong** about genetic crucifixion of life, or mutilation. **We cannot be wrong about weapons of mass destruction.** **We cannot be wrong** about food or water or anything that will make us extinct. **We cannot be wrong about oxygen.** **We cannot destroy the ocean life, WITHOUT** true consequences to humanity. We cannot be wrong: **Because if you are/ the planet dies,** and you with it. **EVERY SINGLE ONE.**

15. **Because men want NO DIVERSITY/** they want only what they want, it is the search for money: **that ends the diversity of life.** That process, establishes unintended consequences, and describes environmental change. The chains of life are real, break a chain and everything dependent upon it fails to survive. It is the cost of chemical pesticides/ herbicides, fertilizers,

pharmaceuticals, and more; interrupting life. Creating Dead zones. Dead or damaged rivers. Dead eco-systems. Entire chains of living organisms dead. Pollution without recourse. Radiation as well/ already more than you know, or can imagine. Failure at every level.

16. **We cannot ignore Yellowstone super volcano/** if it erupts; life on earth will die by the billions (just in the human population); a reality of consequences. **Thought must prevail.** We can intervene by drilling to relieve the **gases that cause an explosion** to occur. Without the gas, it can only be as is an Hawaiian volcano; no explosion. There are Possibilities that can be changed to intervene; for tsunamis both man-made and natural.

17. THE OCEAN FEEDS OVER ONE BILLION PEOPLE (you already have one billion people hungry). Factory trawlers that “take them all”: are **Ending the food supply for every other kind of fish dependent upon that food supply too:** such as tuna and others. Killing entire “sea nations at a time”. It is devastation on a massive scale/ **nothing left for predator fish.** The tiny few left are defenseless. **No balance:** it's a man's way.. Nothing but want, and greed. “Make me rich!” *Don't come back, until the ship is full!* The list is very long, regarding human tragedies created upon the sea and its life;

I will let those more educated by studies of fundamental science: NOT theory; inform you, with regard to critical decisions. As is consistent with all descriptions here.

18. **Ships Are now invading even the last refuges for the very last stocks of many types of fish: because the ice is gone or leaving, in the Arctic, and Antarctic .. That is extremely bad; the next generation lives here!** *People, Are genetically mutilating creatures of the sea. A complete we don't care attitude, a “we are gods” arrogance.* What is the result: IF NOT a DEAD OCEAN? You are polluting/ stealing from base food sources/ poisoning/ attacking with noise, such that it makes creatures deaf, effectively killing them/ interrupting ocean currents with global warming/ killing the incubators of ocean life/ killing the creatures that make oxygen/ extreme garbage dumps / invading sea life with diseases caused by entrapment: and much more. None of which is sustainable, all of it a man-made disaster.

19. While human engineered crops are currently producing more: **in exchange you have opened the door to an epidemic/ a catastrophe: that can kill the entire plant/** leaving you with no option but to abandon the entire species once this has taken over. **Life is not** “simply numbers to be rearranged”.

Life is, the very critical reality of “lower species” that must get along in the same place (same body) and do well, and NOT contaminate or invade the other species (and their needs) that form together to create a more complex living structure.

IF ANYTHING goes wrong in that living environment; the entire plant or life dies. If anything escapes and contaminates the rest of the species by any one of a variety of methods: the entire species will die. **YOU HAVE NO CLUE/ “university doesn't know/ can't know/ won't know, until it is far too late.** And they race outdoors, with every mutilation: specifically to endanger everything they can, “to prove evolution, by changing life; themselves.”

CATASTROPHE IS COMING! A religious cult gone mad: or evolutionary priests

demanding, “we have NOTHING/ so, we will make it happen”!

Is it not said: that asbestos poisoning takes 30 years to erupt into trouble/ until then, “everything is fine”! **Think about it.**

The vast majority of plant seeds are now sterile; and the base “natural” plants from which all “engineered seed originates” is nearly extinct (very little new seed production per plant) : **too much interference.** Consider that a warning. **All life, “needs a reason to survive (happy)”/ slavery, and prison; isn’t it. Or it accepts suicide.**

20. The extinction of multiple species in all categories of life is consistent with: “You changed everything/ WE CANNOT survive”. Reminding you again: **You are killing all pollinators at once/** with poisons clearly introduced that weaken their defenses and make them vulnerable to everything. You are affecting every species dependent upon insects and pollination; including you. Your chemicals have invaded every landscape and environment.

JUST BECAUSE YOU WANT THEM, does not make any chemical safe for life, or the pollination/ reproduction of a species. These are dependent upon “cleanliness”. As all are forms of living within specific boundaries/ and if not consequences occur. **There will be trouble.**

21. You have built death and starvation searching for easy money/ we will control it all. You have built "superbug's/ or extremely powerful diseases with antibiotics: that can invade us as well". You will starve. YOUR surgery and healthcare are very dependent upon antibiotics: and that means, you die too. Most antibiotics are completely worthless today, ABUSED. All are going in that direction: ending close confinement livestock farms, your easy healthcare, and your chance to survive. Because the factory farm is not going to quit on its own, until disease takes it away: TOO LATE. Healthcare will simply rise dramatically in cost; as will death.

22. With one billion people already hungry/ 2 million more added EACH, and every week; as the human population grow; they need more. A population that is over 7 billion + people: A POPULATION THAT WILL BE 8 BILLION before 2020. 9 billion, by 2028. A sea so badly damaged today; **it is about to die/** leaving another one billion hungry with no place to turn, and NO water to drink. How is that not war or cannibalism. **3 billion hungry people in less than 7 years: COMING!** With no food or water to give them. HOW are you going to survive? **What will war use, if not weapons of mass destruction: “Just too many, kill a billion people/ STILL 6,000,000,000 to go”/ and growing.** And that does not include disease, or the release of biological weapons. It will be chaos: hell on earth.

23. Because men don't want to pay the price for life: WHICH IS, from this point forward: ONLY LIFE FIRST MUST LEAD. BY ITS OWN TRUTH/ no more money first, no more want first, no more insanity. **ONLY LIFE FIRST, forever. That is your choice.** Or the world itself will die/ taking you with it. The consequence of that is: we must find “different leaders”; or the ending of us all, is plain and simple.

24. With a world filled with nuclear bombs, only twenty five detonations of which are said to be enough to end life on earth: Time is limited, you will be dead. World courts, governing leaders with law and world policing: to enforce OUR LAWS/ we the people. Supported by

all nations, as policing power: IS THE ONLY solution. Which means we must have one single overriding language; so we can all talk and understand: the deaf know best! What is important.

25. With many nations holding biological weapons, whose stated efficiency is OVER 97% DEATH RATE in humans if released: WORLDWIDE. Your leaders believe they will escape: prepared/ too bad for you. **With university experimentation that is already biological warfare released: you have no chance to survive unless you control them, and take away their tools.** Make all, just as vulnerable as everyone else. The consequence is: **Killing anyone** who refuses to obey: **NO MORE OF THIS.**

26. PURPOSELY trying to cross humanity with any other form of life, **in a direct crucifixion of the genetic stability of nature itself.** THE INTENTIONAL HORROR, injected into living creatures of life on this earth: as is mutilation/ consists of such things as “if it were you, finding worms in your chest, eating you alive; limbs simply falling off; “order died/ balance ended/ disciplines destroyed: and so on”. **This is.... Crucified/ in any life form.... the intentional killing by torturous means!** The Media cults, propagating "how great this will be; we are gods"/ praise the university, all bow down and give up your money, and your life.

Functionally: **It is Armageddon (nature in chaos). Coming true.**

27. **How is an angry world, a world stolen from, and berated as less than "us/ the extra special smart people" going to stop itself from war.** A humanity reduced to slavery by the extreme prejudice of “university over life”, in all ways and with all money, opportunity, and soon to be property. Men reduced to slavery; choose war as their answer, **how is not the GUNS SOLD a clear indication of your future?** You threaten yourselves, or more correctly your “university gods” have proven to be devils in disguise: taking far more than life can provide/ and sharing nothing. **Removing life must come first for this planet!** That is a threat.

28. 7 billion people growing at 2 million more each week! **A world of people, that ARE: Standing on one acre of "growing land" each.** This world is limited, that acre of growing land “farmable” must also produce enough for every other creature alive on land as well as you. Crop land that can grow nothing, which means it is not even an acre now. The children will grow, and need, want, and demand MORE.

29. Want a better world, create world law; to govern leaders/ & dedicated world police, to intervene where life and law demand we must. Those, who will not attack nations, BUT WILL bring their leaders to justice by trial, or if necessary other means of enforcement and denial of superiority, including death for leaders, if necessary. **The law, Will enforce our need** to control those who intend to control us.

30. The separation and protection of women from men in terms of making a nation different: we are equals. IS A TRUE incentive to men, to make the other men change. To change themselves: **So that the women will return.** Which means simply: any nation that fails to treat women fairly, MUST BE DIVIDED into “women here/ men there”. Until JUSTICE AND FAIR PLAY, THROUGH EQUALITY FOR ALL is served; for women/ and for all. You will protect the

women; as a world. For enough time to establish whether the men will change. IF NOT, those women who refuse to return, shall be allowed asylum in another country. Let the men fight, give them weapons/ but make them change: where it is necessary. The women MUST make their legal demands clear!

31. Want to use all the resources of earth today: HELL yes/ no worry, we will just go get more! After all, how much stuff can **7,000,000,000+ people take, every day/ every year for their entire lives:** answer the question!

32. Armageddon means: "Nature in chaos". Geneticists are actually working as hard as they can, for the last fifty plus years/ **DELIBERATELY trying to cause genetic stability, disciplines, and balance to be destroyed.** They believe once they see it fail/ then they will know what to do, to "be gods themselves". I say: instead of gods/ they will be "**satan**"; **the destroyers of this world.** WE CANNOT FIX, "WHAT THEY ARE DESTROYING"! **That means it is a life or death question for this entire world.** Are you going to stop them entirely/ NO exceptions. Did they fix A.I.D.S.? No, they just made it possible to infect more!

33. Just your garbage dumps/ failure to recycle properly; prove the reality of leadership. "**Lets throw it all away**".

34. You have numerous nuclear power plants, that all have a distinct life expectancy: **because corrosion WILL eat away at the pressure vessels.** They won't tell you, "just before the explosions occur": there are always excuses. They don't tell you when toxic waste sites are full. They don't tell you anything/ and the media joins them, because the money controls. The people with money will leave; just too bad for you! You must participate in understanding and reviewing the evidence/ and you must pay the price for intervention; whether you like it or not.

35. You have an extreme threat under one of the great lakes, that has been defined; and will not be again, because of terrorists. Solutions are at least in part; somewhat available.

36. Of all the failed schemes and declarations, "we are the superior ones"/ that have clearly brought us to the cliff edge of extinction for an entire world: little has been more destructive than, "let one, or a tiny few" speak for all. This has become, the "land of the expert, and the media" (a monopoly, **18 N.W. 2d 905, 908.** as have others invaded our nation, **to rule**)/ we have all failed ourselves; because they chose. **INSTEAD OF TRUE DEMOCRACY WHICH IS: LET ALL, "speak for one"!**

McCulloch v. Maryland (1819) still rings true: "Let the end be legitimate, let it be within the scope of the constitution, and all means which are appropriate, which are plainly adapted to that end, which are not prohibited, but consist with the letter and spirit of the constitution are constitutional."

Munn v. IL 1877 "The public has a direct and positive interest.....clothed with a public interest"..

Roe v. Wade 1973 "....interests grow and reach a compelling point, at different

stages”...

We do stand at the edge of potential extinction; because of the decisions made/ the realities of machines built, mutilations caused, failures that can exterminate our lives; and the encroachment of religious beliefs such as “University knows”/ 58 A 2d 31, 33. which are so insane, that they choose to gamble with all life on earth. In a one time experiment, “live or die” for this entire world. 79 S.W. 2d 292, 296. In endless experiments which crucify living existence, 38 So 873, 874. with the express intent to substantiate their own religious beliefs such as evolution; 79 S.W. 2d 1012, 1016. clear fantasy/ as proven by life itself. 5 So 2d 41, 45. Adaption merely the evidence of perfect design. NO CHAOS builds anything/ thought alone builds; and that is proven without doubt our reality. Their failure is willful disregard of the facts 88 A. 985, 896. For the purposes of their religion/ NOT legal.

These things are not only critically important to our democracy/ they are of extreme importance to this entire world. These things are not only clothed with the public interest. The consequence of this religious insanity is an abortion of our very lives from this earth.

It is religion: 29 S.E. 2d 508, 513. Because even the biggest fool in the world, or the smallest child KNOWS NOT; to gamble with an entire planet or all its life. **To be THAT INSANE**, requires “religious belief”. 219 S.W. 2d 282, 285. Nothing matters, no evidence, no value, no life or world; Except as my book, or my priest, or my cult defines it to be so. That is NOT LEGAL; when using public funds/ endangering public life or planet or nature: **IT IS TERRORISM**. 25 N.W. 2d 225, 228. The deliberate destruction of life; just because you can; Same as all the rest.

The demand for redress of grievances is LEGALLY CONSTRUCTED. The right of democracy is formed. 170 S.W. 885, 888. The command that LIFE MUST COME FIRST IN ALL DECISIONS, 344 P 2d 16, 21. particularly for nature, environment, planet, ecosystems; 120 S.W. 2d 779, 781 and all that we require to survive as humanity and nation or state has been established. 121 N.E. 621, 627.

UNDER THESE WRONGFUL ACTS 73 N.J.L. 729, 744; This court is demanded to establish democratic authority, and a full and fair investigation before the public at large; keeping them abreast of all information received. Thereby **calling for witnesses, particularly where threats are found**; and providing lawyers for the people themselves; so that TRUE JUSTICE IS FOUND. Establishing this case as WE THE PEOPLE, fighting for our democracy as it is our duty to do/ and our world to protect. Thereby my own life or death has no consequence to the termination of trial. YOU OWE, “WE THE PEOPLE”, this case. IT IS YOUR DUTY, BY LAW! 438 P 2d 477, 482.

I DO, remind you as this is a state case: it is appealable in federal court. Your actions/ your decisions: will come under review.
