

The petition: **“YOU AIN’T, my damn ruler/ YOU are the employee of OUR government, the constitution; ITS purpose called democracy IS: we rule ourselves by law”!**

Or more simply: ain’t no man or woman allowed to claim sovereignty over, OR immunity from, constitutional law. NOBODY! *The constitution rules over society, by its sovereignty over us all.* WE THE PEOPLE: ARE OWNERS, not you. WE have the right to decide, the debt/ the future/ the removal of threat/ for or against world law/ and when we will go to war; NOT you. We have the right to change our government, under constitutional direction and law/ NOT YOU. We own the resources, and we decide what capitalism is/ ownership of property, by limits/ the standards placed upon money and credit: and YOU present at our demand; **accountability through redress**, the legal demand as owners to know: THE TRUTH/ an investigation by law. **The reality: To take back our government.**
