CASE 2011 TR 022442

RE: The citation for: a failure to come to a complete stop, in the town of Gifford IL. At a stop sign therein. Ticket number 3171 Gifford police. The charge \$120 dollars. **I, the accused, DEMANDING A JURY TRIAL.**

REMARKS TO THE JURY:

I have decided to remain silent in court, as that eliminates the fundamental of buying a transcript of the trial at a later date for web purposes on the site www.trialoflife.info; unless trial is complicated with particularly disrespectful actions by the court or its attorney. A greater probability than not.

Consequently silence requires one last method of developing an environment that is suitable to the understanding initiated within this trial. ***That our freedom is at stake, our liberty is fundamental to the process of redress, and justice for all is necessary for democracy to be real.***

Of the various elements demanding jury attention in this trial, as a relationship between those who intend to rule us, and life in democracy itself which IS: we rule ourselves, by the laws we create. Accountability as democracy, for liberty and freedom/ accountability, or the understanding of duty as a citizen jury defending democracy/ accountability as to what is fundamentally

at stake in the descriptions of life and world ending threats: that are required to be understood by all of society/ and the respect required for society from its employees: that eliminates the essence of want, pride, and power so diseased among this people, is controlled by the people/ instead of the people controlled by their leaders. **THESE then demand ONLY TRUTH AND REALITY must decide the outcome of this trial, as is absolutely necessary: to sustain a future on this earth.** No more games, the evidence declares “life or death for us all”. No more depending upon the media/ the leaders/ the religion/ the university/ or any other association “to tell you what to think”. Make your own decision/ clearly these have failed us all!

We begin with the understanding, that this is NOT an attempt to solicit a judgment in my favor. I am merely a citizen/ what is freedom, rights, or threats that can exterminate us all: IS EVERYONE’S business! Rather than a decision about me: *this is an education in the development called knowledge: as to the understanding of democracy and its affiliated responsibilities to ourselves, our future, our nation, and our world.* Therein the consequences are real, the actions and reactions particularly defined by the words “redress/ liberty/ and freedom” are all highly concentrated with the realities of life at this time and in this place. The decision that you must make is yours alone/ but carries the weight of a nation, and even the future of a world, because all others have chosen to hide or run away. If you accept the disciplines of evidence presented as **a need to investigate these threats/ establish our democracy by its truth:** then it is a decision that affects the nation and even the world itself.

That said, the element that must be removed at this time is one of “mob control”. You must think, rather than act or react/ you must understand, rather than want, or choose greed or cowardice. Or more specifically, there is neither a design, nor an attempt to influence you in your decision by presenting only one side, AS YOUR TERRORISTS, and their army of media and greed have done (*asserting you can measure this, or these*). Or undermining your own ability to understand, (*suggesting I have the answer, follow me*) by covering the problem with an assignment of your own want (*removing reality, to say we can have it all for ourselves*). That is irrelevant and unworthy of a courtroom of law (*a reality here, that only scarcely resembles the law of life, if “You squint, and focus hard”*). But nonetheless, this is the courtroom, this society and this state does provide; like it or not. THIS IS A DEMAND FOR: LEGAL EXAMINATION OF THE FACTS, an investigation and its results produced IN FRONT OF US ALL; by

removing the “darkness of what they hide, and opening the doors to every decision; so each can see for themselves”. Mass hypnosis occurs when “all the people get to say: WE CAN, measure this one”/ and therein call him or her worthless; or at its opposite end “a god”. The mob exists, when the vast majority believe: “we can rule, or defeat these/ without true cost”. When you allow yourselves to measure the human being/ TRUTH GETS LOST. Devalued means: “we can kill, discard, maim, abuse, use, manipulate, sexually disgrace, or whatever we want/ because this one has no real value”. That is fundamental to all disease in society, and particularly demonstrated by the pedofile: once the child is nothing more than a toy or a tool or a “rugrat”; then you can use or abuse or do whatever you want; because they are now worthless. Which then becomes, what CAN I do with them?

Consequently I remind you NOT to consider “me/ *apart from the liabilities of the ticket*”. And demand you remember & choose for the sake of society, humanity, and its future: **DON’T devalue yourselves or this society. BELIEVE WE ARE ALL IMPORTANT, and accept the responsibility necessary!**

Redress is an investigation, intended to gather evidence by its truth, reality, and consequence: in the most effective manner possible through a courtroom. Whereby those who lie shall be punished as traitors or less if deserved/ NO EXCEPTIONS OR EXCLUSIONS (*no hiding or running away, this is about our future, everyone*): we the people shall know, if called you shall answer/ or be imprisoned. Simple and plain. Liberty assigns our responsibility to society and nation, as a need for this/ a reality of life or death for a world. While freedom assigns and dictates what is my/ YOUR own responsibility to society and the nation/ they are not the same. Failure HAS A PRICE.

As to the threats we face, as humanity on earth, **there is no going back past the point of no return/** we as humanity or earth simply cannot survive much longer. Based upon the probably conclusions of any one of many threats that literally CAN make us extinct. This IS FUNDAMENTALLY A NEED for understanding: the example, “if we were to jump off a thousand foot cliff/ then we will die”. Do you not understand that? AS OPPOSED TO, those who believe “nothing bad will happen if we jump off this cliff” and then find themselves dead, at the bottom without a second chance. **The difference is WISDOM; IS REQUIRED. You cannot simply assume or want: you must understand, or you die. To understand requires the examination of evidence and protection of the court in stopping any and all undue threats while you search for the answer**

society itself must choose. Not my decision or yours/ which is why redress is demanded: **our decision/** because it is our fate, or future; by change; we are involved, everyone. **Our everything CANNOT be decided by a tiny few,** who believe they are “gods”. There is NO RIGHT: my life/ my choice, or our society/ our choice, as the case may be.

That fundamentally brings us to the far lesser concerns of “government itself (**WHAT have our employees been doing to ourselves, besides allowing our very world to be threatened**)”! To begin the assimilation of facts that will then prove or disprove: REGARDLESS of what you want/ that this world has changed. Nature can no longer defeat us/ the ocean is dying/ the environment is changing/ we are horribly threatened by “science”, as a world/ we are threatened by weapons of mass destruction: INSTEAD of resolving all these problems with a world court and world policing through law. We are particularly threatened with a population that now exists as 7 billion people roughly one person per acre of “growing green land” on earth: THAT IS ALL, that stands between us all, and starvation, as well as oxygen depletion (all those fires) and more. Threats that depict HORROR AND HELL, in our very near future. **Unless we change immediately, and do simply the very best we can. As truth demands of us, and reality insists must be so.** Not your way or mine: NOT want or money: **but “for LIFE FIRST”, across the planet. A decision affecting, and required: by us all!**

To eliminate all the controversy of who is allowed to rule; diminish or end the control of “rulers”; and establish the essence of fair play for us all. *The foundation change in governments is: that the people shall write their own laws:* SHORT/ CONCISE/ AND TO THE POINT; not more than one hundred, so that all the people can learn and thereby know their law. **By public vote.** This removes the primary power of government and gives it to the people themselves. The second need is to confront our economic reality with **“limited capitalism”/** NOT unbridled greed and pride as is today: BUT LIMITS voted upon periodically; by the people themselves, so that they know, and understand, “this is, as fair as we can make it for ourselves”. **Money ain’t a number/ its life, freedom, and resource! Sharing requires LIMITS.** *The element of human behavior called want, is fundamentally a liar: thereby you know, where want is significant, THERE WILL always be lies.* Only truth can decide, truth is distinctly defined by reality, “the element called common sense, its most well known student”. Only reality, understood by wisdom, can determine what is needed for our future as a planet to survive. **Resources are NO LONGER for the simple-minded taking/**

they are, the difference between whether you murder the future or do the best you can.

Even the minimal reality of money surfaces as a right in this trial: to ascertain the truth regarding WHAT IS FAIR? Thereby does extend to the understanding: “the one percent” did not get rich by orchestrating “business”. Rather they became rich: because a debt that cannot be paid: as is true of American debt for the nation itself at over 120 trillion dollars (not just federal debt, but all debt)/ or by control over the court or other forms of government. A debt that cannot be paid **IS JUST INFLATION**, *that has been hidden from the 99% so they could not participate in the growing of numbers.* Or more simply: “your leaders, one and all/ with full blessings of your media” **CHOSE: to create inflation for themselves, so they could have more numbers to use as money, against you! Thereby declaring themselves rich.** *But for the 99%, all we were given is the illusion of debt. A debt that has been hidden behind the hypocrisy of federal debts, cheating, rebellion against this democracy, and lies: to keep you from seeing THE THIEVES who have ransacked and raped, our nation, our world, and our lives.*

These are the fundamental issues of this trial: because where freedom in democracy exists/ it is there, that the people shall have their say. YOUR LEADERS DENY THEIR RESPONSIBILITY AND OATH TO THE NATION. THAT LEAVES ONLY A JURY , AS THE LAST DEFENSE!

Do not be deceived by the illusion of “our leaders will save us: OR those at the university know what they are doing”/ THAT IS FUNDAMENTALLY PROVEN NOT TRUE. They led you here, to threats of extinction/ the rape of money/ and the ransacking of resources so extreme, we can die as a world. **They refused redress unilaterally,(all forms of leadership)** because it removes their power, pride, and wealth. It strangles their want, with the reality of SHARING, and participating as equals with the rest: so they refused. **They chose: “to want to be ignorant of the law, democracy, and justice”** so they could continue “playing god” over you.

I recommend you choose redress, liberty, democracy, and freedom: particularly from all these threats to our world, our lives, our future, and the very nature and planet that keeps us all alive! Examine your world, your government, and your future: **and decide for life first! FIGHT FOR YOUR DEMOCRACY, FOR YOUR CHILD, AND YOUR FUTURE!** With legal actions, that bring a new world to this life/ BEFORE its dead.

I remind you plain and simple, as to me: this trial, and the end of the IRS battles (*highly unlikely to end in “legal” court, because the employees refuse to obey the law called redress*) between me and those who KNOW they are contractually obligated by their oath, the constitution, the law, and their employment for the nation: TO OBEY THE LAW. But refuse, because their want, their pride, and their thirst for power overwhelms them. TO DO, WHAT THE LAW DEMANDS OF THEM; **AS IS REDRESS FOR THE PEOPLE!** IS LITERALLY my last attempt to make you listen to your reality, the truth, that threatens you. The truth says, “unless you change honestly, NO possibility exists that you will not die”/ this world ends soon. **MY WORK IS DONE. Your work decides life or death for the planet! Simple and plain.**

Apart from the weight of that evidence against you, in plain and simple reality; clearly understood, as testified too: by all who ran away and hid from that reality. They wanted greed more/ or chose fear instead, TO YOUR SHAME!

There is also the biblical prophecy of Daniel 12: which promises “when the abomination arises against this earth”/ there shall be only 1290 days left before the world is lost forever: without true change. A prophecy thousands of years old, that becomes truly identified; should never be “laughed at”/ whether you are religious or not. **That abomination is the threats that literally gamble with every life on earth.** At NIF, with their machine intending to create/ or more correctly which will create fusion: **a fire just like the sun which cannot be put out/ because everything here is fuel.** *THEIR THEORY IS: that we need not worry, not enough gravity here to keep it going/ but if wrong, then we all burn.* (The lake of fire, proves true as well). And if right, then it is **a worthless experiment** because it cannot be used. What could be a bigger abomination than that?

Unless it might be CERN wherein they literally **intend to re-create the single most destructive event in the history of the universe**, right here on earth: an experiment designed to replicate a second: wherein all the mass in the universe “exploded into dust or gas”.

OR, how about the continual mutilation of DNA, the building blocks of all life/ **the essence of all pandemic outbreaks when boundaries are crossed between species: a constant in their experimentation. IT IS the literal CRUCIFIXION of EVERY LIVING THING, on this planet/ by the absolutely criminally murderous insane.**

EACH OF THESE, a terrorist without doubt.. They want, to be gods:

SO THEY LIE, about everything they want. They tempt, manipulate, and control by using the media to keep you in the blind/ **to murder you!** *We cannot put it back: which means “nature in chaos is coming quickly and forever”:* its called ARMAGEDDON!

WAKE UP: OR DIE. Because you didn’t care enough, about anything living: but yourself. **And YOU, were a fool!** Don’t like to feel threatened? PROVE IT, STOP the fools, the leaders, the terrorists, and the murderers from completing their task. The definition of terrorist is: “if only we could find a way to kill them all”! THESE did.

Closing argument

The expansion of this case is relevant, **because it is a case about freedom,** and the liberty of any people to rule themselves, and choose as a society what is to be “THEIR JUSTICE”. DEMOCRACY gives us that right, and its primary foundation as WE THE PEOPLE, shall choose, defend, and protect ourselves COMES WITH THE LAW, called redress. Anything less, is NOT a democracy.

The foundation of this case changes from that freedom to examine the truth: as to what threatens us all/ because we must: or by the evidence we die. How is that not worthy in a courtroom “called law”/ even if it is “the dregs and debris” of failure. IT’S THE BEST you have; because that is what you as this society, allowed it to be.

The element most necessary to our survival as a planet or a nation: IS DEDICATED to the reality of our truth, and its acceptance. RATHER than your want, greed, pride, or power. You don’t get to pretend, or fantasize about your numbers anymore: you get to decide life, by accepting the price truth will demand/ OR you get to decide death forever, because you refused to pay, what life itself needs to survive. IT’S A CHOICE, today/ but not for much longer.

You get to laugh, or cry, or pretend, or whatever you wish to believe or do; because that is freedom. But you do not get to rule over truth/ and truth says you will soon die for what your leaders have done/ for what humanity itself, chose to allow. You WILL grow up, and accept the responsibilities of life, or you WILL be allowed to die: that is the judgment you SHALL make upon yourselves. There will be “NO going back”. This is a simple choice: either pay the price of life as described by truth and reality/ OR continue as you are, and die, destroying the future as well. MAKE YOUR DECISION.

BUT understand this: no one can lead you, because the world itself needs

your individual decision/ your individual acceptance of behaviors and decisions that do protect and defend life itself, in all its forms: because we need them. Regardless of your want or pride. I do not lead/ my only offer beyond this point is, “that I will help women define a different world”. Because without truly different, as a world/ we shall not survive, even if you try. THIS IS, “the best men did do”! And we literally DO stand on the edge of extinction. FIND THE TRUTH, for yourselves! How is that “too much to ask”?
