

The initiating brief: for class action with regard to, “WORLD LAW, instead of: leader law.”

The function of democracy is: to give power to the people through their constitution as is the actual government, by contractual deployment of our rights: to participate as a society or nation, by the creation of those laws.

Those elemental rights, which create the foundation for our unity as a nation or all people across this world: is written for, in this nation USA. As the preamble, to the US constitution; which begins our journey as one; by defining what we can agree upon.

Those words are:

WE the people of the United States, in order to form a more perfect union, establish justice, insure domestic tranquility, provide for the common defense, promote the general welfare, and secure the blessings of liberty to ourselves and our posterity, do ordain and establish this constitution for the USA.

The realities of what is cherished by that definition of what “our government is intended to be”. Find in harsh contrast, a government which discards our contract, with the main employees; to establish decisions, we did not intend as a nation: for them to create.

There is no greater right, to resolve the question of democratic authority, than the FIRST amendment! Which legally includes the power: to reassemble government as we see fit.
“.....the right of the people to peaceably assemble, and to petition the government for redress of grievances”.

More simply; we have the legal right, by foundation law; to interrupt what is being done; and by our own vote, through the evidence of a courtroom battle to prove a “legitimate knowledge”

prior to choice. That will then alter that existence of governmental law; **into the contractual democracy intended:** as we see fit, by our vote. **Because democracy means literally: “we are the owners here”.**

The fourth amendment is: “the right of the people to be secure in their persons, homes, papers, and effects, against unreasonable searches and seizures shall not be violated.....”

More simply: there is no greater violation of that foundation law of government, than to attack the very realities of life itself. Nothing is more fundamental to our deaths, without our acceptance of a right to proceed: THAN IS WEAPONS OF MASS DESTRUCTION, in all categories of military or power or university.

*There are no second chances in the decision of a leader/ ANY leader; that can now cause all life to become extinct. As is found in TRUTH: nature, planet, water, oxygen, energy and all that life does need to survive; REQUIRES OUR PROTECTION AS A WORLD/ AS INDIVIDUAL PEOPLE MAKING LAWS, AND PROVING TO LEADERS; that we, are no longer “pawns”; to be attacked or thrown away by their choice. **Extreme weapons of any kind: IS THAT ATTACK.** And in most cases, past the point of no return, **THE REALITY IS, THIS: cannot be turned back!***

*Therefore the assembling of signatures, from those people who are then by law, going to **demand “redress of grievances” we don't like where this is headed.** AND through a courtroom to examine the evidence ARE **DEMANDING BOTH INFORMATION AS IS EVIDENCE, as is necessary to be brought into that court. And the RIGHT OF LAW, to decide for ourselves: HOW WE THIS PEOPLE shall begin the journey to interact and change with other nations,***

what we be our future FOR LIFE.

TO PROVE THE COST OF YOU BEING WRONG, with our world, with life itself. IS ELEMENTALLY ALREADY PROVEN.

_____ BEFORE, we allow you to go any farther with threats, that can indeed and forever both affect and change our lives or our world; or cause OUR extinction to exist. **The demand is**

WE OWN THE LEGAL RIGHT, TO INTERVENE: to claim a moratorium from the court: return fire only. **So that we the people can in fact review** what you are doing from the facts/ not the theories or claims: and then determine for ourselves. **WHAT WE WILL, OR WE WILL NOT ALLOW YOU TO DO, anymore.** By a nation/ by a world given the opportunity to change our direction; and prove by the laws that are justified, for all: we will live!

Details and the collection of evidence for trial: come after the assertion: this petition proves a right to proceed, and then claims the public courtroom: for ourselves, our nation, and our world.

We examine any legal contention under the rules of the fourteenth amendment: reminding any and all leaders, “according to the twelveth amendment; we are not your slaves”.

14th section one is: “...no state shall make or enforce any law which shall abridge the privileges or immunities of citizens of this nation; nor shall any state deprive any person of life, liberty, or property, without due process of law; nor deny to any person within its jurisdiction the equal protection of the laws.”

More simply stated: the realities described by the evidence of extreme weapons; discard all the laws, and all the protections, and all the authority of democracy as is WE THE PEOPLE. Giving our very lives, and our very world, into the hands of a very tiny few; to

decide if we will become EXTINCT. **NOTHING IS MORE UNLAWFUL, AND LESS DEMOCRATIC;** THAN IS THAT!

Change this is our demand/ and as we the people, who have lived under this threat for decades now: THE REALITY IS. WE SHALL DO THIS FOR OURSELVES, as there **is no definition of fact,** that can rely upon “our leaders”: anymore!

World law and world policing of leaders, by justifiable laws accepted throughout the world: as OUR CHOICE/ OUR FUTURE/ **OUR OWNERSHIP OF THE RIGHT TO DECIDE.** Must occur.
